Depending on your state's personal income tax laws, you may be entitled to declare the above portion of your 2023 ordinary income dividends (Box 1) as tax-exempt income on your state personal income tax return. However, some states do not allow the "pass through" of this exempt-interest income unless the percentage earned from U.S. Government Obligations exceeds certain thresholds or unless other requirements are met. Please consult your tax adviser or state authorities if you have any questions regarding the percentage of income you can exclude when calculating your state income tax.
