

INNOVATOR ETFs TRUST
Innovator S&P 500 Buffer ETF – January

Ticker symbol: BJAN

Statement of Additional Information
January 1, 2019

120 North Hale Street
Suite 200
Wheaton, Illinois 60187
www.innovatoretfs.com

This Statement of Additional Information (“SAI”) describes shares of the Innovator S&P 500 Buffer ETF – January (the “Fund”) which is a series of Innovator ETFs Trust (the “Trust”). The Fund’s investment adviser is Innovator Capital Management, LLC (the “Adviser”) and investment sub-adviser is Milliman Financial Risk Management LLC (“Milliman” or the “Sub-Adviser”). The Fund’s distributor is Foreside Fund Services, LLC (the “Distributor”).

This SAI supplements the information contained in the Fund’s Prospectus, dated January 1, 2019, as they may be amended from time to time. This SAI should be read in conjunction with the Prospectus. This SAI is not itself a prospectus but is, in its entirety, incorporated by reference into the Prospectus. A copy of the Fund’s most recent annual report, semi-annual report or the Prospectus for the Fund may be obtained, without charge, by writing the Adviser at the address listed above or by calling (800) 208-5212.

GENERAL INFORMATION

The Trust is a Delaware statutory trust organized on October 17, 2007. On August 11, 2017, the Trust changed its name from Academy Funds Trust to Innovator ETFs Trust. The Trust is an open-end management investment company, registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Trust currently offers shares of 15 separate series, representing separate portfolios of investments. This SAI relates solely to the Fund, which is non-diversified.

The Fund offers, issues and redeems shares (“Shares”) at net asset value (“NAV”) only in aggregations of a specified number of Shares (each a “Creation Unit” or a “Creation Unit Aggregation”). The Fund currently intends to issue and redeem Creation Units in exchange for cash. Shares of the Fund are listed and trade on Cboe BZX Exchange, Inc. (the “Exchange” or “Cboe BZX”) (formerly known as BATS Exchange, Inc.), a national securities exchange. Shares of the Fund are traded in the secondary market and elsewhere at market prices that may be at, above or below the Fund’s NAV. Shares are redeemable only in Creation Units by Authorized Participants (as defined in the Portfolio Holdings Information section of this SAI), and, generally, in exchange for a cash amount. Creation Units typically are a specified number of shares, generally 25,000 or multiples thereof. In the event of the liquidation of the Fund, the Trust may lower the number of Shares in a Creation Unit.

The Trust reserves the right to permit or require that creations and redemptions of Shares are effected fully or partially in-kind and reserves the right to permit or require the substitution of a portfolio of securities representing securities included in the Fund’s portfolio (“Deposit Securities”) in lieu of cash. Shares may be issued in advance of receipt of Deposit Securities, subject to various conditions, including a requirement that the Authorized Participant maintain with the Trust a cash deposit marked to the market value of the omitted Deposit Securities. The Trust may use such cash deposit at any time to purchase Deposit Securities. See the Creation and Redemption of Creation Units section of this SAI. Transaction fees and other costs associated with creations or redemptions that include cash may be higher than the transaction fees and other costs associated with in-kind creations or redemptions. In all cases, conditions with respect to creations and redemptions of shares and fees will be limited in accordance with the requirements of SEC rules and regulations applicable to management investment companies offering redeemable securities.

The Fund is a separate mutual fund, and each Share represents an equal proportionate interest in the Fund. All consideration received by the Trust for Shares and all assets of the Fund belong solely to the Fund and would be subject to liabilities related thereto. The Trust pays its (i) operating expenses, including fees of its service providers, expenses of preparing prospectuses for existing shareholders, proxy solicitation materials and reports to shareholders, costs of custodial services charges, taxes and organization expenses and (ii) other expenses, including audit and legal expenses. Expenses attributable to a specific series of the Trust shall be payable solely out of the assets of that series. Expenses not attributable to a specific series are allocated across all of the series on the basis of relative net assets.

EXCHANGE LISTING AND TRADING

There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Shares of the Fund will continue to be met. The Exchange may, but is not required to, remove the Shares of the Fund from listing if (i) following the initial 12-month period beginning upon the commencement of trading of the Fund, there are fewer than 50 beneficial holders of the Shares for 30 or more consecutive trading days, (ii) the “approximate value” of the Fund, as described in “Net Asset Value” of the Prospectus, is no longer calculated or available, or (iii) any other event shall occur or condition shall exist that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. The Exchange will remove the Shares of the Fund from listing and trading upon termination of the Fund.

As in the case of other stocks traded on the Exchange, brokers’ commissions on transactions will be based on negotiated commission rates at customary levels. Negotiated commission rates only apply to investors who will buy and sell Shares of the Fund in secondary market transactions through brokers on the Exchange and does not apply to investors such as market makers, large investors and institutions who wish to deal in Creation Units directly with the Fund.

The Trust reserves the right to adjust the price levels of the Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

Continuous Offering

The method by which Creation Units are created and traded may raise certain issues under applicable securities laws. Because new Creation Units are issued and sold by the Fund on an ongoing basis, at any point a “distribution,” as such term is used in the Securities Act of 1933, as amended (the “1933 Act”), may occur. Broker-dealers and other persons are cautioned that some activities on their part may, depending on the circumstances, result in their being deemed participants in a distribution in a manner that could render them statutory underwriters and subject them to the prospectus delivery requirement and liability provisions of the 1933 Act.

For example, a broker-dealer firm or its client may be deemed a statutory underwriter if it takes Creation Units after placing an order with the Distributor, breaks them down into constituent Shares and sells such Shares directly to customers or if it chooses to couple the creation of new Shares with an active selling effort involving solicitation of secondary market demand for Shares. A determination of whether one is an underwriter for purposes of the 1933 Act must take into account all of the facts and circumstances pertaining to the activities of the broker-dealer or its client in the particular case and the examples mentioned above should not be considered a complete description of all the activities that could lead to a categorization as an underwriter.

Broker-dealer firms should also note that dealers who are not “underwriters” but are effecting transactions in Shares, whether or not participating in the distribution of Shares,

generally are required to deliver a prospectus. This is because the prospectus delivery exemption in Section 4(a)(3) of the 1933 Act is not available in respect of such transactions as a result of Section 24(d) of the 1940 Act. Firms that incur a prospectus delivery obligation with respect to Shares of the Fund are reminded that, pursuant to Rule 153 under the 1933 Act, a prospectus delivery obligation under Section 5(b)(2) of the 1933 Act owed to an exchange member in connection with a sale on the Exchange generally is satisfied by the fact that the prospectus is available at the Exchange upon request. The prospectus delivery mechanism provided in Rule 153 is available only with respect to transactions on an exchange.

INVESTMENT RESTRICTIONS AND POLICIES

Investment Objective

There can be no assurance that the Fund will achieve its objective. The Fund's investment objective and policies, and its associated risks, are discussed below and in the Fund's Prospectus, which should be read carefully before an investment is made. All investment objectives and investment policies not specifically designated as fundamental may be changed without shareholder approval. Additional information about the Fund and its policies is provided below.

Fundamental Investment Restrictions

The investment restrictions set forth below have been adopted by the Trust as fundamental policies that cannot be changed without the affirmative vote of the holders of a majority (as defined in the 1940 Act) of the outstanding voting securities of the Fund. All other investment policies or practices of the Fund are considered by the Trust to be non-fundamental and, accordingly, may be changed without shareholder approval. For purposes of the 1940 Act, a "majority of the outstanding voting securities" means the lesser of the vote of: (i) 67% or more of the shares of the Fund present at a meeting, if the holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy, or (ii) more than 50% of the shares of the Fund.

The Fund shall not:

- (1) Borrow money, except to the extent permitted by the 1940 Act, or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.
- (2) Act as an underwriter, except to the extent the Fund may be deemed to be an underwriter when disposing of securities it owns or when selling its own shares.
- (3) Make loans if, as a result, more than 33 1/3% of its total assets would be lent to other persons, including other investment companies to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder which may be adopted, granted or issued by the SEC.

- (4) Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments and provided that this restriction does not prevent the Fund from (i) purchasing or selling securities or instruments secured by real estate or interests therein, securities or instruments representing interests in real estate or securities or instruments of issuers that invest, deal or otherwise engage in transactions in real estate or interests therein and (ii) making, purchasing or selling real estate mortgage loans.
- (5) Purchase or sell commodities except to the extent permitted by applicable law.
- (6) Issue senior securities, except to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.
- (7) Invest 25% or more of the Fund's net assets in securities of issuers in any one industry or group of industries (other than securities issued or guaranteed by the U.S. government or any of its agencies or instrumentalities or securities of other investment companies). To the extent the Fund invests in the securities of other investment companies, it will consider the concentrations of those underlying investment companies in determining compliance with its own concentration restrictions.

Notations Regarding the Fund's Fundamental Investment Restrictions

With respect to the fundamental policy relating to borrowing money set forth in (1) above, the 1940 Act permits the Fund to borrow money in amounts of up to one-third of the Fund's total assets from banks for any purpose, and to borrow up to 5% of the Fund's total assets from banks or other lenders for temporary purposes. (The Fund's total assets include the amounts being borrowed.) To limit the risks attendant to borrowing, the 1940 Act requires the Fund to maintain at all times an "asset coverage" of at least 300% of the amount of its borrowings. Asset coverage means the ratio that the value of the Fund's total assets (including amounts borrowed), minus liabilities other than borrowings, bears to the aggregate amount of all borrowings. Borrowing money to increase portfolio holdings is known as "leveraging." Certain trading practices and investments may be considered to be borrowings or involve leverage and thus are subject to the 1940 Act restrictions. In accordance with SEC staff guidance and interpretations, when the Fund engages in such transactions, the Fund instead of maintaining asset coverage of at least 300%, may segregate or earmark liquid assets, or enter into an offsetting position, in an amount at least equal to the Fund's exposure, on a mark-to-market basis, to the transaction (as calculated pursuant to requirements of the SEC). The policy in (1) above will be interpreted to permit the Fund to engage in trading practices and investments that may be considered to be borrowing or to involve leverage to the extent permitted by the 1940 Act and to permit the Fund to segregate or earmark liquid assets or enter into offsetting positions in accordance with the 1940 Act. Short-term credits necessary for the settlement of securities transactions and arrangements with respect to securities lending will not be considered to be borrowings under the policy. Practices and investments that may involve leverage but are not considered to be borrowings are not subject to the policy.

Non-Fundamental Investment Restrictions

In addition to the fundamental policies and investment restrictions described above, and the various general investment policies described in the Prospectus, the Fund will be subject to the following investment restrictions, which are considered non-fundamental and may be changed by the Trust's Board of Trustees (the "Board") without shareholder approval.

- (1) The Fund may not invest more than 15% of its net assets in securities that it cannot sell or dispose of in the ordinary course of business within seven days at approximately the value at which the Fund has valued the investment.
- (2) The Fund is permitted to invest in other investment companies, including open-end, closed-end or unregistered investment companies, either within the percentage limits set forth in the 1940 Act, any rule or order thereunder, or SEC staff interpretation thereof, or without regard to percentage limits in connection with a merger, reorganization, consolidation or other similar transaction.

* * *

Unless otherwise indicated, all limitations under the Fund's fundamental or non-fundamental investment restrictions apply only at the time that a transaction is undertaken. Any change in the percentage of the Fund's assets invested in certain securities or other instruments resulting from market fluctuations or other changes in the Fund's total assets will not require the Fund to dispose of an investment until the Adviser/Sub-Adviser determines that it is practicable to sell or close out the investment without undue market or tax consequences.

Portfolio Turnover

The Fund may have a portfolio turnover rate in excess of 100%. Portfolio trading will be undertaken principally to accomplish the Fund's investment objective. The Fund is free to dispose of portfolio securities at any time, subject to complying with the Internal Revenue Code of 1986 (the "Code") and the 1940 Act, when changes in circumstances or conditions make such a move desirable in light of the Fund's investment objective. Therefore, the Fund will not attempt to achieve or be limited to a predetermined rate of portfolio turnover.

The portfolio turnover rate tells you the amount of trading activity in the Fund's portfolio. A turnover rate of 100% would occur, for example, if all of the Fund's investments held at the beginning of a year were replaced by the end of the year, or if a single investment was frequently traded. The turnover rate also may be affected by cash requirements from purchases and redemptions of Shares. A high rate of portfolio turnover in any year may increase brokerage commissions paid and could generate taxes for shareholders on realized investment gains.

INVESTMENT STRATEGIES AND RISKS

The following information relates to and supplements the description of the Fund's investment strategies and risks that are contained in the Prospectus and includes descriptions of permitted investments and investment practices as well as associated risk factors.

Borrowing and Leverage. The Fund may borrow money to the extent permitted by the 1940 Act. If the Fund borrows money, it must pay interest and other fees, which will reduce the Fund's returns if such costs exceed the returns on the portfolio securities purchased or retained with such borrowings. Any such borrowings are intended to be temporary. However, under certain market conditions, including periods of low demand or decreased liquidity, such borrowings might be outstanding for longer periods of time. As prescribed by the 1940 Act, the Fund will be required to maintain specified asset coverage of at least 300% with respect to any bank borrowing immediately following such borrowing. In the event that such asset coverage shall at any time fall below 300%, the Fund shall, within three days thereafter (not including Sundays and holidays), reduce the amount of its borrowings to an extent that the asset coverage of such borrowings shall be at least 300%. The Fund may be required to dispose of assets on unfavorable terms if market fluctuations or other factors reduce the Fund's asset coverage to less than the prescribed amount.

Cyber Security Risk. As the use of technology has become more prevalent, the Fund may be more susceptible to operational risks through breaches in cyber security. A cyber security incident may refer to either intentional or unintentional events that allow an unauthorized party to gain access to fund assets, customer data, or proprietary information, or cause the Fund or a service provider to suffer data corruption or lose operational functionality. A cyber security incident could, among other things, result in the loss or theft of customer data or funds, customers or employees being unable to access electronic systems ("denial of services"), loss or theft of proprietary information or corporate data, physical damage to a computer or network system, or remediation costs associated with system repairs. Any of these results could have a substantial impact on the Fund. For example, if a cyber security incident results in a denial of service, Fund shareholders could lose access to their electronic accounts for an unknown period of time, and employees could be unable to access electronic systems to perform critical duties for the Fund, such as trading, NAV calculation, shareholder accounting or fulfillment of Share purchases and redemptions. Cyber security incidents could cause the Fund, Adviser, Sub-Adviser or Distributor to incur regulatory penalties, reputational damage, additional compliance costs associated with corrective measures, or financial loss of a significant magnitude. They may also cause the Fund to violate applicable privacy and other laws. The Fund's service providers have established risk management systems that seek to reduce the risks associated with cyber security, and business continuity plans in the event there is a cybersecurity breach. However, there is no guarantee that such efforts will succeed, especially since the Fund does not directly control the cyber security systems of the issuers of securities in which the Fund invests or the Fund's third-party service providers (including the Fund's transfer agent and custodian).

FLEX Options (principal investment). FLEX Options are customized option contracts available through national securities exchanges that are guaranteed for settlement by the Options Clearing Corporation ("OCC"). FLEX Options are listed on a U.S. national securities exchange. FLEX

Options provide investors with the ability to customize assets and indices referenced by the options, exercise prices, exercise styles (i.e., American-style, exercisable any time prior to the expiration date, or European-style, exercisable only on the option expiration date) and expiration dates, while achieving price discovery in competitive, transparent auctions markets and avoiding the counterparty exposure of over-the-counter options positions. Each option contract entitles the holder thereof to purchase (for the call options) or sell (for the put options) shares of the reference asset at the strike price.

The OCC guarantees performance by each of the counterparties to the FLEX Options, becoming the “buyer for every seller and the seller for every buyer”, with the goal of protecting clearing members and options traders from counterparty risk.

Options on Indices. The FLEX Options in which the Fund invests will be options on an index, the S&P 500 Price Return Index (the “S&P 500 Price Index”). An index fluctuates with changes in the market values of the securities included in the index. Options on indices give the holder the right to receive an amount of cash upon exercise of the option. Receipt of this cash amount will depend upon the closing level of the index upon which the option is based being greater than (in the case of a call) or less than (in the case of put) the exercise price of the option.

Each of the options exchanges has established limitations governing the maximum number of call or put options on the same index that may be bought or written by a single investor, whether acting alone or in concert with others (regardless of whether such options are written on the same or different exchanges or are held or written on one or more accounts or through one or more brokers). Under these limitations, option positions of all investment companies advised by Innovator are combined for purposes of these limits. Pursuant to these limitations, an exchange may order the liquidation of positions and may impose other sanctions or restrictions. These positions limits may restrict the number of listed options that the Fund may buy or sell.

Puts and calls on indices are similar to puts and calls on securities or futures contracts except that all settlements are in cash and gain or loss depends on changes in the index in question rather than on price movements in individual securities or futures contracts. When the Fund writes a call on the S&P 500 Price Index, it receives a premium and agrees that, prior to the expiration date, the purchaser of the call, upon exercise of the call, will receive from the Fund an amount of cash if the closing level of the S&P 500 Price Index upon which the call is based is greater than the exercise price of the call. The amount of cash is equal to the difference between the closing price of the index and the exercise price of the call times a specified multiple (“multiplier”), which determines the total value for each point of such difference. When the Fund buys a call on the S&P 500 Price Index, it pays a premium and has the same rights to such call as are indicated above. When the Fund buys a put on the S&P 500 Price Index, it pays a premium and has the right, prior to the expiration date, to require the seller of the put, upon the Fund’s exercise of the put, to deliver to the Fund an amount of cash if the closing level of the S&P 500 Price Index upon which the put is based is less than the exercise price of the put, which amount of cash is determined by the multiplier, as described above for calls. When the Fund writes a put on an S&P 500 Price Index, it receives a premium and the purchaser of the put has the right, prior to the expiration date, to require the Fund to deliver to it an amount of cash equal to the difference

between the closing level of the S&P 500 Price Index and the exercise price times the multiplier if the closing level is less than the exercise price.

The value of an option, in general, will reflect, among other things, the current market value of the underlying investment, in the case of the Fund the S&P 500 Price Return Index, the time remaining until expiration (end of the Outcome Period), the relationship of the exercise price to the market price of the underlying investment and general market conditions. Options that expire unexercised have no value.

Risks of Options on Indices. If the Fund has purchased an index option and exercises it before the closing index value for that day is available, it runs the risk that the level of the index may subsequently change. If such a change causes the exercised option to fall out of the money, the Fund will be required to pay the difference between the closing index value and the exercise price of the option (times the applicable multiplier) to the assigned writer.

Asset Coverage on Options Positions. The Fund will comply with guidelines established by the SEC with respect to coverage of options by investment companies, and if the guidelines so require, will set aside or earmark appropriate liquid assets in the amount prescribed. Such assets cannot be sold while the option is outstanding, unless they are replaced with other suitable assets. As a result, there is a possibility that the reservation of a large percentage of the Fund's assets could impede portfolio management or the Fund's ability to meet redemption requests or other current obligations.

Short-Term Instruments and Temporary Investments (non-principal investment). The Fund may invest in short-term instruments, including money market instruments, on an ongoing basis to provide liquidity or for other reasons. Money market instruments are generally short-term investments that may include, but are not limited to: (i) shares of money market funds; (ii) obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities (including government-sponsored enterprises); (iii) negotiable certificates of deposit, bankers' acceptances, fixed-time deposits and other obligations of U.S. and non-U.S. banks (including non-U.S. branches) and similar institutions; (iv) commercial paper rated, at the date of purchase, "Prime-1" by Moody's® Investors Service, Inc., "F-1" by Fitch Ratings, Inc., or "A-1" by Standard & Poor's® Financial Services LLC, a subsidiary of S&P Global, Inc., or if unrated, of comparable quality as determined by the Adviser and/or Sub-Adviser; (v) non-convertible corporate debt securities (e.g., bonds and debentures) with remaining maturities at the date of purchase of not more than 397 days and that satisfy the rating requirements set forth in Rule 2a-7 under the 1940 Act; (vi) repurchase agreements; and (vii) short-term U.S. dollar denominated obligations of non-U.S. banks (including U.S. branches) that, in the opinion of the Adviser and/or Sub-Adviser, are of comparable quality to obligations of U.S. banks that may be purchased by the Fund. Any of these instruments may be purchased on a current or forward-settled basis. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

DISCLOSURE OF PORTFOLIO HOLDINGS INFORMATION

The Board has approved portfolio holdings disclosure policies that govern the timing and circumstances of disclosure to shareholders and third parties of information regarding the portfolio investments held by the Fund. These policies and procedures, as described below, are designed to ensure that disclosure of portfolio holdings is in the best interests of Fund shareholders, and address conflicts of interest between the interests of Fund shareholders and those of the Fund's Adviser, Sub-Adviser, Distributor, or any affiliated person of the Fund, Adviser, Sub-Adviser or Distributor.

The Fund is permitted to disclose portfolio holdings to selected third parties in advance of release to all shareholders and the general public, only when the Fund (or the Trust on behalf of the Fund): (1) has a legitimate business purpose for doing so; (2) the recipient is subject to a duty of confidentiality pursuant to a signed non-disclosure agreement; (3) the release of such information would not otherwise violate the anti-fraud provisions of the federal securities laws. Such disclosures may be made without a duty of confidentiality agreement, if the information is released to the public at or before the time the information is released to the third party.

Each Business Day, Fund portfolio holdings information will be provided to the Distributor for dissemination through the facilities of the NSCC and/or other fee-based subscription services to NSCC members and/or subscribers to those other fee-based subscription services, including Authorized Participants, and to entities that publish and/or analyze such information in connection with the process of purchasing or redeeming Creation Units or trading Shares of the Fund in the secondary market. This information typically reflects the Fund's anticipated holdings on the following Business Day. Daily access to information concerning the Fund's portfolio holdings also is permitted (i) to certain personnel of those service providers that are involved in portfolio management and providing administrative, operational, risk management, or other support to portfolio management, including affiliated broker-dealers and/or Authorized Participants and (ii) to other personnel of the Adviser, Sub-Adviser, Administrator and fund accountant, who deal directly with, or assist in, functions related to investment management, administration, custody and fund accounting, as may be necessary to conduct business in the ordinary course in a manner consistent with agreements with the Fund and/or the terms of the Fund's current registration statement.

From time to time, information concerning Fund portfolio holdings, other than portfolio holdings information made available in connection with the creation/redemption process, as discussed above, may also be provided to other entities that provide additional services to the Fund, including, among others, rating or ranking organizations, in the ordinary course of business, no earlier than one Business Day following the date of the information. Portfolio holdings information made available in connection with the creation/redemption process may be provided to other entities that provide additional services to the Fund in the ordinary course of business after it has been disseminated to the NSCC.

The Fund's Chief Compliance Officer may also grant exceptions to permit additional disclosure of Fund portfolio holdings information at differing times and with different lag times (the period from the date of the information to the date the information is made available), if any,

in instances where the Fund has legitimate business purposes for doing so, it is in the best interests of shareholders, and the recipients are subject to a duty of confidentiality, including a duty not to trade on the nonpublic information and are required to execute an agreement to that effect. The Board will be informed of any such disclosures at its next regularly scheduled meeting or as soon as is reasonably practicable thereafter. In no event shall the Fund, the Adviser, the Sub-Adviser, or any other party receive any direct or indirect compensation in connection with the disclosure of information about Fund portfolio holdings.

The Board exercises continuing oversight of the disclosure of the Fund's portfolio holdings by overseeing the implementation and enforcement of portfolio holdings disclosure policies and procedures and considering reports and recommendations by the Chief Compliance Officer concerning any material compliance matters that may arise in connection with any portfolio holdings governing policies. The Board and the Fund reserve the right to amend the policies and procedures at any time and from time to time without prior notice in their sole discretion. For purposes of the policies and procedures, the term "portfolio holdings" means the equity and debt securities (*e.g.*, stocks and bonds) held by the Fund and does not mean the cash investments, derivatives, and other investment positions (collectively, other investment positions) held by the Fund, which are not disclosed.

The Fund will disclose its complete portfolio holdings schedule in public filings with the SEC within 70 days of the end of the second and fourth fiscal quarters and within 60 days of the end of the first and third fiscal quarters and will provide such information to shareholders as required by federal securities laws and regulations thereunder. The Fund may, however, voluntarily disclose all or part of its portfolio holdings other than in connection with the creation/redemption process, as discussed above, in advance of required filings with the SEC, provided that such information is made generally available to all shareholders and other interested parties in a manner that is consistent with the above policy for disclosure of portfolio holdings information. Such information may be made available through a publicly available website or other means that make the information available to all likely interested parties contemporaneously.

MANAGEMENT OF THE TRUST

Trustees and Officers

The business and affairs of the Trust are managed under the direction of its Board. The Trust's Trustees and principal officers are noted in the tables below along with their ages and their business experience for the past five years. The Trustees serve for indefinite terms until their resignation, death or removal. The Fund's officers are elected annually by the Board and serve at the Board's pleasure. Each Trustee serves as a trustee of all the ETFs issued by Innovator ETFs Trust and Innovator ETFs Trust II (the "Innovator Fund Complex").

Name, Address and Year of Birth	Position(s) Held with the Trust	Length of Time Served	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustee or Officer	Other Directorships Held by Trustee or Officer in the Past Five Years
Independent Trustees

- 1 H. Bruce Bond is deemed to be an interested person of the Trust (as defined in the 1940 Act) because of his affiliation with the Adviser.
- 2 Mr. Nash is an employee of Foreside Fund Officer Services, LLC, a wholly-owned subsidiary of the Fund's principal underwriter.

Board Leadership

The Board has overall responsibility for the oversight and management of the Fund. The Board has two standing committees (as described further below): an Audit Committee and a Nominating Committee. The Chairman of each Board committee is an Independent Trustee.

In order to streamline communication between the Adviser and the Independent Trustees and create certain efficiencies, the Board has a Lead Independent Trustee who is responsible for: (i) coordinating activities of the Independent Trustees; (ii) working with the Adviser, Fund counsel and the independent legal counsel to the Independent Trustees to determine the agenda for Board meetings; (iii) serving as the principal contact for and facilitating communication between the Independent Trustees and the Fund's service providers, particularly the Adviser; and (iv) any other duties that the Independent Trustees may delegate to the Lead Independent Trustee. The Lead Independent Trustee is selected by the Independent Trustees and serves until his or her successor is selected. Mr. Berg serves as the Lead Independent Trustee.

The Chairman of the Board presides at all meetings of the Board, and acts as a liaison with service providers, officers, attorneys, and other Trustees. The Chair of each Board committee performs a similar role with respect to the committee. The Chairman of the Board or the Chair of a Board committee may also perform such other functions as may be delegated by the Board or the committee from time to time. The Independent Trustees meet regularly outside the presence of Trust management, in executive session or with other service providers to the Fund. The Board has regular meetings throughout the year, and may hold special meetings if required before its next regular meeting. Each committee meets regularly to conduct the

oversight functions delegated to that committee by the Board and reports its findings to the Board. The Board and each standing committee conduct annual assessments of their oversight function and structure. The Board has determined that the Board's leadership structure is appropriate because it allows the Board to exercise independent judgment over management and to allocate areas of responsibility among committees and the full Board to enhance effective oversight. Mr. Stowell serves as the Chairman of the Nominating Committee and Mr. Wildman serves as the Chairman of the Audit Committee.

Risk Oversight

Among the Board's general oversight and management functions is to oversee the risks of the Fund. The Fund is subject to various risks, including investment, compliance, operational and valuation risks, among others. The Board addresses its risk oversight function through different Board and committee activities. For instance, the Board has delegated the day-to-day risk management and oversight function to the Adviser, or in certain cases (subject to the Adviser's supervision) and depending on the nature of the risks to other service providers. The Board, or a committee, reviews and evaluates reports from the Adviser or service providers regarding the risks faced by the Fund and regarding the service providers' oversight and management of those risks. In addition to the delegation of the day-to-day risk management and oversight function, the committees of the Board allow the Trustees to quickly and efficiently consider risk matters and facilitate the oversight by the Trustees of Fund activities and the risks related to those activities.

The Board has also appointed a Chief Compliance Officer ("CCO") who oversees the implementation and evaluation of the Fund's compliance program. James Nash of Foreside Fund Officer Services, LLC ("Foreside Officer Services") serves as CCO of the Trust. In a joint effort between the Trust and Foreside Officer Services to ensure the Trust complies with Rule 38a-1 under the 1940 Act, Foreside Officer Services has agreed to render services to the Trust by entering into a Chief Compliance Officer Services Agreement (the "CCO Services Agreement") with the Trust. Pursuant to the CCO Services Agreement, Foreside Officer Services designates, subject to the Trust's approval, one of its own employees to serve as CCO of the Trust within the meaning of Rule 38a-1. Mr. Nash currently serves in such capacity under the terms of the CCO Services Agreement.

Trustees' Qualifications.

The Nominating Committee selects and nominates persons for election or appointment by the Board as Independent Trustees. The Board has adopted the Nominating Committee Charter and Procedures, which provides the Nominating Committee with general criteria to guide the Committee's choice of candidates to nominate to serve on the Board; however, there are no specific qualifications or requirements to serve on the Board. The Board believes that, collectively, the Trustees have balanced and diverse experience, skills, attributes and qualifications, that allow the Board to operate effectively in governing the Trust and protecting the interests of shareholders. Among the attributes common to all Trustees are their ability to review critically, evaluate, question and discuss information provided to them; to interact effectively with the Trust's investment manager, sub-advisers, other service providers, counsel

and independent auditors; and to exercise business judgment in the performance of their duties as Trustees. Each Trustee's ability to perform his duties effectively is evidenced by his educational background or professional training; business, consulting or public service positions; experience from service as a Board member of the Trust, other investment funds, public companies or non-profit entities or other organizations; and ongoing commitment and participation in Board and committee meetings throughout the years.

While there are no specific required qualifications for Board membership, the Board believes the specific background of each Trustee is appropriate to his or her serving on the Board. The foregoing discussion and the Trustees and officers chart above are included in this Statement of Additional Information pursuant to requirements of the U.S. SEC, do not constitute holding out the Board or any Trustee as having special expertise or experience and shall not be deemed to impose any greater responsibility or liability on any Trustee by reason thereof.

H. Bruce Bond. Mr. Bond is the Chief Executive Officer of the Adviser, responsible for the firm's strategic vision. Mr. Bond began his career in 1986 at Griffin, Kubik, Stephens and Thompson, a small boutique firm specializing in municipal bonds. In 1994 he continued his career at First Trust Portfolios as Vice President responsible for wholesale distribution of financial products across the Midwest and Florida. In 1998 Mr. Bond joined Nuveen Investments as a Managing Director to lead an effort in its Structured Products Group to develop, market and distribute closed-end funds, unit investment trusts and exchange-traded fund products. Mr. Bond became the head of marketing for all Nuveen products before leaving to start PowerShares in early 2003. As Founder and Chief Executive Officer of PowerShares, Mr. Bond pioneered many firsts in the ETF industry. In 2006, PowerShares was acquired by Invesco, a global asset manager. Mr. Bond remained the President and Chief Executive Officer of PowerShares and Chairman of the Board of the PowerShares Funds until September of 2011. During his time at PowerShares, Mr. Bond helped develop, list and distribute over 130 fund products on various exchanges located in the United States and throughout Europe, with assets under management in excess of \$80 billion.

Mark Berg. As President and Founding Principal of Timothy Financial Counsel Inc., Mr. Berg's primary role is the leadership and management of Timothy Financial Counsel Inc. He is the primary advisor for select clients, but also oversees the financial planning process for all Timothy Financial clients. Mr. Berg has served in the fee-only financial planning industry since 1995. He holds a BA in Economics from Wheaton College and is a Certified Financial Planner™ practitioner. He is also a NAPFA Registered Financial Advisor where he has served as the Regional President and Chair, as well as on the National Board of Directors. He speaks regularly at conferences on financial planning and practice management. He has been interviewed and/or quoted by a variety of publications, such as Dow Jones Newswire, The Wall Street Journal, Reader's Digest, and Kiplinger's and has been interviewed on NBC television.

Joe Stowell. Mr. Stowell is currently the COO of Woodmen Valley Chapel in Colorado Springs, Colorado. He oversees the financial, human resources and congregational management of this multi-campus organization. Prior to joining Woodman in September of 2015, Mr. Stowell served for eight years as the Executive Vice President/COO of the English Language Institute/China (ELIC), a global educational non-profit focused primarily in Asia and the Middle

East. Before his work in the non-profit business management sector, Joe traded futures, options and swaps for over a decade, focusing on currencies and bonds both in the US and abroad for McNamara Trading and Chicago Research & Trade. He was on trading floors and desks in Chicago, New York and Tokyo.

Brian J. Wildman. Mr. Wildman is Executive Vice President, Consumer Banking of MB Financial Bank (Bank), a position he has held since March 2016. Mr. Wildman is also a director of the Bank. From April 2013 to March 2016, Mr. Wildman was responsible for Risk Management and was the Chief Risk Officer. Prior to April 2013, Mr. Wildman was responsible for the Bank's Wealth Management and Commercial Services groups. Prior to joining the Bank in 2003, he was First Vice President of Bank One and served in various management positions with its predecessor organization, American National Bank and Trust Company of Chicago, since 1988. Mr. Wildman is a member of the Board of Trustees of Missionary Furlough Homes, Inc. Additionally, Mr. Wildman serves as the “audit committee financial expert” for the Board.

Share Ownership

The following table provides the dollar range of equity securities beneficially owned by the Board members on December 31, 2017.

Trustee	Aggregate Dollar Range of Equity Securities of the Fund	Aggregate Dollar Range of Equity Securities in all Funds Overseen Within Fund Complex
H. Bruce Bond	None	None
Mark Berg	None	None
Joe Stowell	None	None
Brian J. Wildman	None	None

Trustee Compensation

Each Independent Trustee is paid a fixed annual retainer of \$10,000 per year. The fixed annual retainer is allocated pro rata among each Fund in the Innovator Fund Complex. Trustees are also reimbursed by the investment companies in the Innovator Fund Complex for travel and out of pocket expenses incurred in connection with all meetings.

The following table sets forth the estimated compensation (including reimbursement for travel and out-of-pocket expenses) to be paid by the Fund and by the Innovator Fund Complex to the Trustees for their services to the Fund for the fiscal year ending October 31, 2019. Only the Trustees of the Trust who are not “interested persons” of the Trust or the Adviser, as defined by the 1940 Act (the “Independent Trustees”), receive compensation from the Fund. The Trust has no retirement or pension plans. The Trust has no employees. Its officers are compensated by Innovator Capital Management, LLC.

Trustee	Estimated Compensation from the Fund	Compensation from the Innovator Fund Complex
H. Bruce Bond	None	None
Mark Berg	\$667	\$10,000
Joe Stowell	\$667	\$10,000
Brian J. Wildman	\$667	\$10,000

Board Committees

The Board has the following committees:

Audit Committee: This committee monitors accounting and financial reporting policies and practice, and internal controls for the Trust. It also oversees the quality and objectivity of the Trust's financial statements and the independent audit thereof, and acts as a liaison between the Trust's independent registered public accounting firm and the full Board. The Trust's Audit Committee consists of the Independent Trustees.

Nominating Committee: This committee recommends Board members, fills vacancies and considers the qualifications of Board members. The committee will consider shareholder recommendations for nomination to the Board only in the event that there is a vacancy on the Board. Shareholders who wish to submit recommendations for nominations to the Board to fill a vacancy must submit their recommendations in writing to the Nominating Committee, c/o Innovator ETFs Trust, 120 North Hale Street, Suite 200, Wheaton, Illinois 60187. Shareholders should include appropriate information on the background and qualifications of any person recommended (e.g., a resume), as well as the candidate's contact information and a written consent from the candidate to serve if nominated and elected. Shareholder recommendations for nominations to the Board will be accepted on an ongoing basis and such recommendations will be kept on file for consideration when there is a vacancy on the Board. The committee consists of the Independent Trustees.

Codes of Ethics

The Trust, Adviser, Sub-Adviser and the Distributor have adopted codes of ethics pursuant to Rule 17j-1 under the 1940 Act. The codes of ethics permit personnel subject to the codes of ethics to invest in securities, subject to certain limitations, including securities that may be purchased or held by the Fund. The codes of ethics are on public file with, and are available from, the SEC.

Proxy Voting Policies

The Trust has adopted a proxy voting policy that seeks to ensure that proxies for securities held by the Fund are voted consistently with the best interests of the Fund.

The Board has delegated to the Adviser the proxy voting responsibilities for the Fund and has directed Innovator to vote proxies consistent with the Fund's best interests. In order to

facilitate the proxy voting process, Broadridge Investor Communication Solutions, Inc. (“Broadridge”) has been retained to provide access to a selection of third-party providers that are available to provide proxy vote recommendations and research. Votes are cast through the Broadridge ProxyEdge® platform (“ProxyEdge”). With the assistance of Broadridge, Egan-Jones Proxy Services (“Egan-Jones”) has been selected to provide vote recommendations based on its own internal guidelines. The services provided to Innovator through Egan Jones include access to Egan-Jones’ research analysis and their voting recommendations. Services provided to Innovator through ProxyEdge include receipt of proxy ballots, vote execution based upon the recommendations of Egan-Jones, access to the voting recommendations of Egan-Jones, as well as reporting, auditing, working with custodian banks, and consulting assistance for the handling of proxy voting responsibilities. ProxyEdge also maintains proxy voting records and provides Innovator with reports that reflect the proxy voting activities of client portfolios.

The fundamental guideline followed by the Adviser in voting proxies is to make every effort to confirm that the manner in which shares are voted is in the best interest of clients and the value of the investment. Absent special circumstances of the types described below, it is the policy of Adviser to exercise its proxy voting discretion in accordance with the Egan-Jones Proxy Voting Principles and Guidelines set forth in Exhibit A.

Information regarding how the Fund voted proxies (if any) relating to portfolio securities during the most recent 12-month period ended June 30 is available upon request and without charge on the Fund’s website at <https://www.innovatoretfs.com>, by calling (800) 208-5212 or by accessing the SEC’s website at <https://www.sec.gov>.

INVESTMENT ADVISER AND OTHER SERVICE PROVIDERS

Investment Adviser

Innovator Capital Management, LLC, located at 120 North Hale Street, Suite 200, Wheaton, Illinois, 60187, furnishes investment management services to the Fund, subject to the supervision and direction of the Board. Substantially all of the interests of the Adviser are owned by Messrs. H. Bruce Bond, John Wilder Southard, Jr. and Jeffrey Brown. The Adviser is controlled by a Board of Managers which currently consists of Mr. Bond, Mr. Southard and Mr. Brown. Mr. Bond controls the Board of Managers by virtue of his majority ownership of the Adviser. Mr. Southard owns in excess of twenty-five percent of the Adviser and Mr. Brown owns a minority interest in the Adviser. The Adviser compensates all officers (including the chief compliance officer) and employees of the Adviser who are affiliated with both the Adviser and the Trust. The Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940, as amended.

Pursuant to an investment management agreement between the Adviser and the Trust (the “Investment Management Agreement”), the Adviser will oversee the investment of the Fund’s assets by the Sub-Adviser and will be responsible for paying all expenses of the Fund, excluding the fee payments under the Investment Management Agreement, interest, taxes, brokerage commissions, acquired fund fees and expenses and other expenses connected with the execution of portfolio transactions, distribution and service fees payable pursuant to a Rule 12b-1 plan, if

any, and extraordinary expenses. The Fund has agreed to pay the Adviser an annual management fee equal to 0.79% of its average daily net assets.

Sub-Adviser

The Fund and the Adviser have retained Milliman Financial Risk Management LLC, 71 South Wacker Drive, 31st Floor, Chicago, Illinois 60606, to serve as the Fund's investment sub-adviser pursuant to an investment sub-advisory agreement (the "Sub-Advisory Agreement"). Milliman was established in 1998, and also advises other investment companies, insurance companies, financial institutions, other pooled investment vehicles in addition to the Fund. As of September 30, 2018, the Sub-Adviser provided investment advisory, hedging and consulting services on over \$152 billion in global assets and sub-advised approximately \$54 billion in managed risk assets for insurers, institutional investors and retirement investors. The Sub-Adviser is a wholly owned subsidiary of Milliman, Inc.

Pursuant to an investment sub-advisory agreement between the Adviser, Sub-Adviser and the Trust, on behalf of the Fund (the "Investment Sub-Advisory Agreement"), the Sub-Adviser will manage the investment of the Fund's assets. Pursuant to the Investment Sub-Advisory Agreement, the Sub-Adviser receives an annual fee that is equal to 0.12% of the Fund's average daily net assets. The Adviser is responsible for paying the entire amount of the Sub-Adviser's fee for the Fund. The Fund does not directly pay the Sub-Adviser.

The Adviser and the Trust have received an exemptive order from the SEC on which exempts the Adviser and the Trust from certain of the shareholder approval requirements of Section 15(a) of the 1940 Act and allowed the Board, subject to certain conditions, to appoint a new, unaffiliated sub-advisor and approve a new investment sub-advisory agreement on behalf of the Trust without shareholder approval.

Distributor

Foreside Fund Services, LLC, located at Three Canal Plaza, Suite 100, Portland, ME 04101, serves as the principal underwriter of the Shares under a Distribution Agreement (the "Distribution Agreement"). The Distributor has entered into an agreement with the Trust pursuant to which it distributes Shares (the "Distribution Agreement"). The Distributor continually distributes Shares on a best effort basis. The Distributor has no obligation to sell any specific quantity of Shares. The Distribution Agreement is renewable annually. Shares are continuously offered for sale by the Fund through the Distributor only in Creation Units, as described in the Fund's Prospectus and this SAI. Shares amounting to less than a Creation Unit are not distributed by the Distributor. The Distributor is a broker-dealer registered under the Exchange Act and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Distributor, its affiliates and officers have no role in determining the investment policies or which securities are to be purchased or sold by the Fund. The Distributor is not affiliated with the Trust, the Adviser, the Sub-Adviser, or any stock exchange.

The Distribution Agreement for the Fund provides that it may be terminated at any time, without the payment of any penalty, on at least 60 days' prior written notice to the other party

(i) by vote of a majority of the Independent Trustees or (ii) by vote of a majority of the outstanding voting securities (as defined in the 1940 Act) of the Fund. The Distribution Agreement will terminate automatically in the event of its “assignment,” as that term is defined in the 1940 Act.

Distribution Plan. The Fund has adopted a distribution plan pursuant to Rule 12b-1 under the 1940 Act (the “Distribution Plan”). Under the Distribution Plan, the Distributor, or designated service providers, may receive up to 0.25% of the Fund’s assets attributable to Shares as compensation for distribution services. Distribution services may include, but are not limited to: (i) services in connection with distribution assistance or (ii) payments to financial institutions and other financial intermediaries, such as broker-dealers, mutual fund “supermarkets” and the Distributor’s affiliates and subsidiaries, as compensation for services or reimbursement of expenses incurred in connection with distribution assistance.

No distribution fees are currently charged to the Fund; there are no plans to impose distribution fees, and no distribution fees will be charged for at least a year from the date of this SAI. However, in the event that distribution fees are charged in the future, because the Fund will pay these fees out of assets on an ongoing basis, over time distribution fees may cost you more than other types of sales charges and will increase the cost of your investment in the Fund.

Fund Administrator

General Information. The Administrator and Fund Accountant for the Fund is U.S. Bancorp Fund Services, LLC (the “Administrator”), which has its principal office at 615 East Michigan Street, Milwaukee, Wisconsin 53202 and is primarily in the business of providing administrative, fund accounting and stock transfer services to retail and institutional mutual funds. The Administrator performs these services pursuant to two separate agreements, a Fund Administration Servicing Agreement and a Fund Accounting Servicing Agreement.

Administration Agreement. Pursuant to the Fund Administration Servicing Agreement (“Administration Agreement”) with the Fund, the Administrator provides all administrative services necessary for the Fund, other than those provided by the Adviser, subject to the supervision of the Fund’s Board. Employees of the Administrator generally will not be officers of the Fund for which they provide services.

The Administration Agreement is terminable by the Board or the Administrator on ninety (90) days’ written notice and may be assigned provided the non-assigning party provides prior written consent. The Administration Agreement shall remain in effect for three years from the date of its initial approval, unless amended, and its renewal is subject to approval of the Board for periods thereafter. The Administration Agreement provides that in the absence of the Administrator’s refusal or willful failure to comply with the Agreement or bad faith, negligence or willful misconduct on the part of the Administrator, the Administrator shall not be liable for any action or failure to act in accordance with its duties thereunder.

Under the Administration Agreement, the Administrator provides all administrative services, including, without limitation: (i) providing services of persons competent to perform

such administrative and clerical functions as are necessary to provide effective administration of the Fund; (ii) overseeing the performance of administrative and professional services to the Fund by others, including the Fund's Custodian; (iii) preparing, but not paying for, the periodic updating of the Fund's Registration Statement, Prospectus and Statement of Additional Information in conjunction with Fund counsel, including the printing of such documents for the purpose of filings with the SEC and state securities administrators, preparing the Fund's tax returns, and preparing reports to the Fund's shareholders and the SEC; (iv) calculation of yield and total return for the Fund; (v) monitoring and evaluating daily income and expense accruals, and sales and redemptions of Shares of the Fund; (vi) preparing in conjunction with Fund counsel, but not paying for, all filings under the securities or "Blue Sky" laws of such states or countries as are designated by the Distributor, which may be required to register or qualify, or continue the registration or qualification, of the Fund and/or its Shares under such laws; (vii) preparing notices and agendas for meetings of the Fund's Board and minutes of such meetings in all matters required by the 1940 Act to be acted upon by the Board; and (viii) monitoring periodic compliance with respect to all requirements and restrictions of the 1940 Act, the Internal Revenue Code and the Prospectus.

For the administrative services rendered to the Fund by the Administrator, the Fund pays the Administrator an asset-based fee plus certain out-of-pocket expenses.

Accounting Agreement. The Fund Accountant, pursuant to the Fund Accounting Servicing Agreement ("Accounting Agreement"), provides the Fund with all accounting services, including, without limitation: (i) daily computation of NAV; (ii) maintenance of security ledgers and books and records as required by the 1940 Act; (iii) production of the Fund's listing of portfolio securities and general ledger reports; (iv) reconciliation of accounting records; and (v) maintaining certain books and records described in Rule 31a-1 under the 1940 Act, and reconciling account information and balances among the Fund's Custodian and Adviser.

For the fund accounting services rendered to the Fund by the Fund Accountant, the Fund pays the Fund Accountant an asset-based fee plus certain out-of-pocket expenses, including pricing expenses.

Custodian, Transfer Agent and Dividend Agent

U.S. Bank, N.A., Custody Operations, 1555 N. River Center Drive, Suite 302, Milwaukee, WI 53212, serves as custodian for the Fund's cash and securities. Pursuant to a Custodian Servicing Agreement with the Fund, it is responsible for maintaining the books and records of the Fund's portfolio securities and cash. The Custodian receives a minimum annual fee of \$4,000 or 0.0040% of the average daily market value of the Fund, whichever is greater. The Custodian is also entitled to certain out-of-pocket expenses and portfolio transaction fees. The Custodian does not assist in, and is not responsible for, investment decisions involving assets of the Fund. U.S. Bancorp Fund Services, LLC, the Fund's Administrator, also acts as the Fund's transfer and dividend agent. U.S. Bancorp Fund Services, LLC has its principal office at 615 East Michigan Street, Milwaukee, Wisconsin 53202.

Legal Counsel

Chapman and Cutler LLP, 111 West Monroe Street, Chicago, IL 60603 serves as the Trust's legal counsel.

Independent Registered Public Accounting Firm

Cohen & Company, Ltd., located at 1350 Euclid Avenue, Suite 800, Cleveland, OH 44115, has been selected as the independent registered public accounting firm for the Trust. As such, they are responsible for auditing the Trust's annual financial statements.

PORTFOLIO MANAGERS

Other Accounts Managed

The following chart lists certain information about types of other accounts for which the portfolio managers are primarily responsible as of December 17, 2018. None of the accounts managed by the portfolio managers pay an advisory fee that is based upon the performance of the account.

	Registered Investment Companies # of Accounts (\$ Assets)	Other Pooled Investment Vehicles # of Accounts (\$ Assets)	Other Accounts # of Accounts (\$ Assets)
Robert T. Cummings	6 (\$130,770,000)	0 (\$0)	0 (\$0)
Daniel S. Hare	6 (\$130,770,000)	0 (\$0)	0 (\$0)
Hayley M. Peppers	6 (\$130,770,000)	0 (\$0)	0 (\$0)

Description of Potential Material Conflicts of Interest

The portfolio managers have day-to-day management responsibilities with respect to other investments accounts and, accordingly, may be presented with potential or actual conflicts of interest.

The management of other accounts may result in the portfolio manager devoting unequal time and attention to the management of the Fund and/or other accounts. In approving the Investment Management Agreement and Sub-Advisory Agreement, the Board was satisfied that the portfolio manager would be able to devote sufficient attention to the management of the Fund and that the Adviser and Sub-Adviser seek to manage such competing interests for the time and attention of the portfolio managers.

With respect to securities transactions for the Fund, the Sub-Adviser determines which broker to use to execute each transaction, consistent with its duty to seek best execution of the

transaction. For buy or sell transactions considered simultaneously for the Fund and other accounts, orders are placed at the same time. The Sub-Adviser uses its best efforts to ensure that no client is treated unfairly in relation to any other client over time in the allocation of securities or the order of the execution of transactions. The Sub-Adviser generally allocates trades on the basis of assets under management so that the securities positions represent equal exposure as a percentage of total assets of each client. The Fund and client accounts are not generally invested in thinly traded or illiquid securities; therefore, conflicts in fulfilling investment opportunities are to some extent minimized. If an aggregated trade order is not substantially filled, it will generally be allocated pro rata.

Other than the general potential conflicts noted above, the portfolio managers are not subject to any other specific potential conflicts of interest.

Compensation

The portfolio managers are paid competitive salaries by Milliman. In addition, they may receive bonuses based on qualitative considerations, such as an individual's contribution to the organization, and performance reviews in relation to job responsibilities.

Investments in the Fund

As of January 1, 2019, none of the portfolio managers beneficially owned any Shares.

TRADING AND BROKERAGE

The Adviser is responsible for the management of the Fund and has delegated trade execution responsibilities to the Sub-Adviser. The Sub-Adviser is responsible for selecting brokers and dealers to effect purchases or sales of securities for the accounts of the Fund. In selecting such brokers, the Sub-Adviser seeks best execution of orders at the most favorable price in light of the overall quality of brokerage and research services provided, as described in this and the following paragraph. In selecting brokers to effect portfolio transactions, the determination of what is expected to result in best execution at the most favorable price involves a number of largely judgmental considerations. Among these considerations is the Sub-Adviser's evaluation of a broker's efficiency in executing and clearing transactions; block trading capability (including a broker's willingness to position securities); familiarity with the security; and financial strength and stability. The most favorable price to the Fund means the best net price without regard to the mix between purchase or sale price and commission, if any.

The Sub-Adviser may also take into consideration the research, analytical, statistical and other information and services provided by the broker (such as general economic reports and information, reports or analyses of particular companies or industry groups and technical information) and the availability of the brokerage firm's analysts for consultation in allocating the Fund's brokerage. While the Sub-Adviser believes these services have substantial value, they are considered supplemental to the Sub-Adviser's own efforts in the performance of its duties under the Sub-Advisory Agreement and, to the extent these services are used, it will be on a limited basis. As permitted by the Sub-Advisory Agreement and in accordance with Section

28(e) of the 1934 Act, the Sub-Adviser may pay brokers higher brokerage commissions than might be available from other brokers if the Sub-Adviser determines in good faith that such amount paid is reasonable in relation to the value of the overall quality of the brokerage, research and other services provided viewed in terms of either the particular transactions or the Sub-Adviser's overall responsibilities with respect to the accounts over which it exercises investment discretion. Other clients of the Sub-Adviser may therefore benefit from the availability of these services to the Sub-Adviser, and the Fund may benefit from services available to the Sub-Adviser as a result of similar transactions for the Sub-Adviser's other clients. The Sub-Adviser does not make any attempt to allocate the specific costs to each account. The Sub-Adviser does receive analyst reports that do come as a benefit of ongoing maintenance of various brokerage relationships. These reports are received in connection with the Sub-Adviser's soft dollar program.

CAPITAL STRUCTURE

The Trust currently has authorized and allocated to the Fund an unlimited number of shares of beneficial interest with no par value. The Trustees of the Trust may, at any time and from time to time, by resolution, authorize the establishment and division of additional shares of the Trust into an unlimited number of series and the division of any series (including the Fund) into two or more classes. When issued in accordance with the Trust's registration statement, governing instruments and applicable law (all as may be amended from time to time), all of the Trust's shares are fully paid and non-assessable. Shares do not have preemptive rights.

All Shares of the Fund represent an undivided proportionate interest in the assets of the Fund. Shareholders of the Trust are entitled to one vote for each full share and to a proportionate fractional vote for each fractional Share standing in the shareholder's name on the books of the Trust. However, matters affecting only one particular fund or class can be voted on only by shareholders in such fund or class. The shares of the Trust are not entitled to cumulative voting, meaning that holders of more than 50% of the Trust's shares may elect the entire Board. All shareholders are entitled to receive dividend and/or capital gains when and as declared by the Trustees from time to time and as discussed in the Prospectus.

Book Entry Only System. The following information supplements and should be read in conjunction with the section of the Prospectus entitled "Book Entry."

DTC Acts as Securities Depository for Fund Shares. Shares of the Fund are represented by securities registered in the name of DTC or its nominee and deposited with, or on behalf of, DTC.

DTC, a limited-purpose trust company, was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC

Participants and by the NYSE, NYSE MKT and the Financial Industry Regulatory Authority. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the “Indirect Participants”).

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to herein as “Beneficial Owners”) is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase and sale of Shares. No Beneficial Owner shall have the right to receive a certificate representing such Shares.

Conveyance of all notices, statements and other communications to Beneficial Owners is effected as follows. Pursuant to the Depositary Agreement between the Trust and DTC, DTC is required to make available to the Trust upon request and for a fee to be charged to the Trust a listing of the Shares of the Fund held by each DTC Participant. The Trust shall inquire of each such DTC Participant as to the number of Beneficial Owners holding Shares, directly or indirectly, through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement or other communication, in such form, number and at such place as such DTC Participant may reasonably request, in order that such notice, statement or communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Fund distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Fund Shares. DTC or its nominee, upon receipt of any such distributions, shall immediately credit DTC Participants’ accounts with payments in amounts proportionate to their respective beneficial interests in Shares of the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a “street name,” and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interests in such Shares, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants. DTC may decide to discontinue providing its service with respect to Shares at any time by giving reasonable notice to the Trust and discharging its responsibilities with respect thereto under applicable law. Under such

circumstances, the Trust shall take action to find a replacement for DTC to perform its functions at a comparable cost.

CREATION AND REDEMPTION OF CREATION UNIT AGGREGATIONS

General

The Fund issues Shares only in Creation Unit Aggregations on a continuous basis through the Distributor, without a sales load, at its NAV next determined after receipt, on any Business Day (as defined below), of an order in proper form. A “Business Day” is any day on which the NYSE is open for business. As of the date of this SAI, the NYSE observes the following holidays: New Year’s Day, Martin Luther King, Jr. Day, Washington’s Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

The Fund currently intends to effect creations and redemptions for cash, rather than in-kind securities, and only to and from broker-dealers and large institutional investors that have entered into participation agreements, as described further below.

Creation

Delivery of Cash. Creation Units are sold at their net asset value plus a transaction fee, as described below (“Cash Purchase Amount”). Pursuant to the Trust’s exemptive order granting it exemptions from certain provisions of the 1940 Act, purchases of Creation Unit Aggregations may be made in whole or in part on a cash basis, rather than in-kind, if, on a given Business Day, the Fund announces before the open of trading that all purchases on that day will be made entirely in cash.

The Custodian, through the National Securities Clearing Corporation (“NSCC”), makes available on each Business Day, prior to the opening of business of the Exchange (currently 9:30 a.m., Eastern Time), the Cash Purchase Amount. Such information is applicable in order to effect creations of Creation Unit Aggregations of the Fund until the next Business Day.

Procedures for Creation of Creation Units. To be eligible to place orders with the Distributor to create a Creation Unit of the Fund, an entity must be (i) a “Participating Party,” *i.e.*, a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”); or (ii) a DTC Participant (see “Book Entry Only System”), and, in each case, must have executed an agreement with the Fund, the Distributor and the Administrator with respect to creations and redemptions of Creation Units (“Participant Agreement”) (discussed below). A Participating Party and DTC Participant are collectively referred to as an “Authorized Participant.” Investors should contact the Distributor for the names of Authorized Participants that have signed a Participant Agreement with the Fund. All Shares of the Fund, however created, will be entered on the records of DTC in the name of Cede & Co. for the account of a DTC Participant.

All orders to create Creation Units must be placed for one or more Creation Unit size aggregations of at least 25,000 Shares. All orders to create Creation Units, whether through the Clearing Process (through a Participating Party) or outside the Clearing Process (through a DTC Participant), must be received by the Distributor no later than 3:00 p.m., Eastern Time (“Closing Time”), in each case on the date such order is placed in order for the creation of Creation Units to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form. The date on which an order to create Creation Units (or an order to redeem Creation Units as discussed below) is placed is referred to as the “Transmittal Date.” Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Distributor pursuant to procedures set forth in the Participant Agreement, as described below (see “Placement of Creation Orders Using Clearing Process” and “Placement of Creation Orders Outside Clearing Process”). Severe economic or market disruptions or changes, or telephone or other communication failure, may impede the ability to reach the Distributor or an Authorized Participant.

Orders to create Creation Units of the Fund shall be placed with an Authorized Participant, as applicable, in the form required by such Authorized Participant. In addition, the Authorized Participant may request the investor to make certain representations or enter into agreements with respect to the order, *i.e.*, to provide for payments of cash, when required. Investors should be aware that their particular broker may not have executed a Participant Agreement and, therefore, orders to create Creation Units of the Fund have to be placed by the investor’s broker through an Authorized Participant that has executed a Participant Agreement. At any given time there may be only a limited number of broker-dealers that have executed a Participant Agreement. Those placing orders for Creation Units through the Clearing Process should afford sufficient time to permit proper submission of the order to the Distributor prior to the Closing Time on the Transmittal Date.

Orders for creation that are effected outside the Clearing Process are likely to require transmittal by the DTC Participant earlier on the Transmittal Date than orders effected using the Clearing Process. Those persons placing orders outside the Clearing Process should ascertain the deadlines applicable to DTC and the Federal Reserve Bank wire system by contacting the operations department of the broker or depository institution effecting such transfer of Cash Purchase Amount or Deposit Securities and Cash Component.

Placement of Creation Orders Using the Clearing Process. Creation orders made through the Clearing Process must be delivered through a Participating Party that has executed a Participant Agreement. The Participant Agreement authorizes the Distributor to transmit through the Fund’s transfer agent to NSCC, on behalf of the Participating Party, such trade instructions as are necessary to effect the Participating Party’s creation order. Pursuant to such trade instructions to NSCC, the Participating Party agrees to deliver the Cash Purchase Amount to the Fund, together with such additional information as may be required by the Distributor. An order to create Creation Units through the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than the Closing Time on such Transmittal Date and (ii) all other procedures set forth in the Participant Agreement are properly followed. The delivery of Creation Unit Aggregations so created will

occur no later than the second Business Day following the day on which the purchase order is deemed received by the Distributor (“T+2”).

Placement of Creation Orders Outside the Clearing Process. Creation orders made outside the Clearing Process must be delivered through a DTC Participant that has executed a Participant Agreement with the Fund, the Distributor and the Administrator. A DTC Participant who wishes to place an order creating Creation Units to be effected outside the Clearing Process need not be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that the creation of Creation Units will instead be effected through a transfer of cash directly through DTC. The cash equal to the Cash Purchase Amount must be transferred directly to the Administrator through the Federal Reserve wire system in a timely manner so as to be received by the Administrator no later than 2:00 p.m., Eastern Time, on the next Business Day immediately following such Transmittal Date. An order to create Creation Units outside the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than the Closing Time on such Transmittal Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed. If the Administrator does not receive the Cash Purchase Amount by 2:00 p.m. on the next Business Day immediately following the Transmittal Date, such order will be cancelled. Upon written notice to the Distributor, such cancelled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current NAV of the Fund. The delivery of Creation Unit Aggregations so created will occur no later than T+2.

Acceptance of Orders for Creation Units. The Fund reserves the absolute right to reject a creation order transmitted to it by the Distributor in respect of the Fund if (a) the order is not in proper form; (b) the investor(s), upon obtaining the Shares ordered, would own 80% or more of the currently outstanding Shares of the Fund; (c) the acceptance of the Cash Purchase Amount would have certain adverse tax consequences to the Fund; (d) the acceptance of the Cash Purchase Amount would, in the opinion of counsel, be unlawful; (e) the acceptance of the Fund Deposit would otherwise, in the discretion of the Fund or the Adviser, have an adverse effect on the Fund or the rights of beneficial owners; or (f) in the event that circumstances outside the control of the Fund, the Distributor and the Adviser make it for all practical purposes impossible to process creation orders. Examples of such circumstances include acts of God or public service or utility problems such as fires, floods, extreme weather conditions and power outages resulting in telephone, telecopy and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Fund, the Adviser, the Sub-Adviser, the Distributor, DTC, NSCC or any other participant in the creation process, and similar extraordinary events. The Distributor shall notify a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of the creator of a Creation Unit of its rejection of the order of such person. The Fund, the Administrator and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of the Cash Purchase Amount nor shall either of them incur any liability for the failure to give any such notification.

Creation Transaction Fee. To compensate the Fund for transfer and other transaction costs involved in creation transactions through the Clearing Process, investors will be required to pay a minimum creation transaction fee, assessed per transaction, of \$250 plus 0.05% of the

value of the creation. The Fund, subject to approval by the Board, may adjust the fee from time to time based upon actual experience. Investors who use the services of a broker or other such intermediary in addition to an Authorized Participant to effect a creation of a Creation Unit may be charged a fee for such services.

Redemption

Redemption of Shares in Creation Unit Aggregations. Shares may be redeemed only in Creation Unit Aggregations at their NAV next determined after receipt of a redemption request in proper form by the Fund through the Custodian and only on a Business Day. The Fund will not redeem Shares in amounts less than Creation Unit Aggregations. Beneficial Owners must accumulate enough Shares in the secondary market to constitute a Creation Unit Aggregation in order to have such Shares redeemed by the Fund. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit Aggregation. Investors should expect to incur brokerage and other costs in connection with assembling a sufficient number of Fund Shares to constitute a redeemable Creation Unit Aggregation.

The Custodian, through the NSCC, makes available prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time) on each Business Day, the amount of cash that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as described below) on that day. The redemption proceeds for a Creation Unit Aggregation generally consist of cash in an amount equal to the NAV of Fund Shares next determined after a redemption request is received (minus any redemption transaction fees imposed, as specified above) (the “Cash Redemption Amount”), less a redemption transaction fee as noted below (see “Redemption Transaction Fee” below).

The right of redemption may be suspended or the date of payment postponed (i) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the NYSE is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Shares of a Fund or determination of a Fund’s NAV is not reasonably practicable; or (iv) in such other circumstances as is permitted by the SEC.

Placement of Redemption Orders Using Clearing Process. Orders to redeem Creation Unit Aggregations must be delivered through an Authorized Participant that has executed a Participant Agreement. Investors other than Authorized Participants are responsible for making arrangements for an order to redeem to be made through an Authorized Participant. An order to redeem Creation Unit Aggregations is deemed received by the Fund on the Transmittal Date if: (i) such order is received by the Custodian not later than the Closing Time on the Transmittal Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed.

An order to redeem Creation Unit Aggregations using the Clearing Process made in proper form but received by the Fund after the Closing Time, will be deemed received on the next Business Day immediately following the Transmittal Date and will be effected at the NAV

next determined on such next Business Day. The requisite Cash Redemption Amount be transferred by T+2.

Placement of Redemption Orders Outside the Clearing Process. Orders to redeem Creation Unit Aggregations outside the Clearing Process must be delivered through a DTC Participant that has executed the Participant Agreement. A DTC Participant who wishes to place an order for redemption of Creation Unit Aggregations to be effected outside the Clearing Process does not need to be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that redemption of Creation Unit Aggregations will instead be effected through transfer of Fund Shares directly through DTC. An order to redeem Creation Unit Aggregations outside the Clearing Process is deemed received by the Fund on the Transmittal Date if (i) such order is received by the Transfer Agent not later than the Closing Time on such Transmittal Date; (ii) such order is accompanied or followed by the Cash Redemption Amount specified in such order, which delivery must be made through DTC, to the Custodian no later than 2:00 p.m., Eastern time; and (iii) all other procedures set forth in the Participant Agreement are properly followed. After the Fund has deemed an order for redemption outside the Clearing Process received, it will send an acceptance of the redemption order to the Authorized Participant within 15 minutes of the receipt of the submission received in good form. A redemption order is deemed to be irrevocable upon the delivery of the confirmation of acceptance. The Transfer Agent will then initiate procedures to transfer the Redemption Cash Component to the Authorized Participant on behalf of the redeeming Beneficial Owner by T+2.

In the event that the number of Shares is insufficient on the contractual settlement date, the Fund may deliver the Cash Redemption Amount notwithstanding such deficiency in reliance on the undertaking of the Authorized Participant to deliver the missing Shares as soon as possible. This undertaking shall be secured by such the Authorized Participant's delivery on the contractual settlement date and subsequent maintenance of collateral consisting of cash having a value at least equal to 105% of the value of the missing Shares. The Authorized Participant's agreement permits the Fund, acting in good faith, to purchase the missing Shares at any time and the Authorized Participant will be subject to liability for any shortfall between the cost to the Fund of purchasing such shares and the value of the collateral, which may be sold by the Fund at such time, and in such manner, as the Fund may determine in its sole discretion.

Redemption Transaction Fee. To compensate the Fund for transfer and other transaction costs involved in redemption transactions through the Clearing Process, investors will be required to pay a minimum redemption transaction fee, assessed per transaction, of \$250 plus 0.05% of the value of the redemption. The Fund, subject to approval by the Board, may adjust the fee from time to time based upon actual experience. Investors who use the services of a broker or other such intermediary in addition to an Authorized Participant to effect a creation of a Creation Unit may be charged a fee for such services.

Regular Holidays. The Fund generally intends to effect deliveries of Creation Units and Portfolio Securities on a basis of "T" plus two Business Days (a Business Day is any day the NYSE is open). The Fund may effect deliveries of Creation Units and Portfolio Securities on a basis other than T+2 in order to accommodate local holiday schedules, to account for different

treatment among foreign and U.S. markets of dividend record dates and ex-dividend dates or under certain other circumstances. The ability of the Fund to effect in-kind creations and redemptions within two Business Days of receipt of an order in good form is subject, among other things, to the condition that, within the time period from the date of the order to the date of delivery of the securities, there are no days that are holidays in the applicable foreign market. For every occurrence of one or more intervening holidays in the applicable foreign market that are not holidays observed in the U.S. equity market, the redemption settlement cycle will be extended by the number of such intervening holidays. In addition to holidays, other unforeseeable closings in a foreign market due to emergencies also may prevent the Fund from delivering securities within the normal settlement period.

The securities delivery cycles currently practicable for transferring portfolio securities to redeeming investors, coupled with foreign market holiday schedules, will require a delivery process longer than seven calendar days for the Fund in certain circumstances. Although certain holidays may occur on different dates in subsequent years, the number of days required to deliver redemption proceeds in any given year is not expected to exceed 14 days. The proclamation of new holidays, the treatment by market participants of certain days as “informal holidays” (e.g., days on which no or limited securities transactions occur, as a result of substantially shortened trading hours), the elimination of existing holidays or changes in local securities delivery practices could affect the information set forth herein at some time in the future.

On days when the Exchange or the bond market closes earlier than normal, the Fund may require orders to redeem Creation Unit Aggregations to be placed earlier in the day. For example, on days when the generally accepted close of the bond market occurs earlier than normal (such as the day before a holiday) orders requesting substitution of a “cash-in-lieu” amount must be received by the Distributor no later than 11:00 a.m., Eastern time.

DETERMINING OFFERING PRICE AND NET ASSET VALUE

The NAV of the Fund’s Shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the, generally 4:00 p.m. E.S.T. (the “NAV Calculation Time”). NAV per Share is calculated by dividing the Fund’s net assets by the number of Shares outstanding.

In calculating its NAV, the Fund generally values its assets on the basis of market quotations, last sale prices, or estimates of value furnished by a pricing service or brokers who make markets in such instruments.

Fair value pricing is used by the Fund when reliable market valuations are not readily available or are not deemed to reflect current market values. Securities that may be valued using “fair value” pricing may include, but are not limited to, securities for which there are no current market quotations or whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by “significant events.” An example of a significant event is an event occurring after the close of the market in which a security trades but before the Fund’s next NAV Calculation Time that may materially affect the value of the Fund’s

investment (e.g., government action, natural disaster, or significant market fluctuation). When fair-value pricing is employed, the prices of securities used by the Fund to calculate its NAV may differ from quoted or published prices for the same securities.

DISTRIBUTIONS AND TAXES

This section summarizes some of the main U.S. federal income tax consequences of owning Shares of the Fund. This section is current as of the date of the SAI. Tax laws and interpretations change frequently, and these summaries do not describe all of the tax consequences to all taxpayers. For example, these summaries generally do not describe your situation if you are a corporation, a non-U.S. person, a broker-dealer, or other investor with special circumstances. In addition, this section does not describe your state, local or foreign tax consequences.

This federal income tax summary is based in part on the advice of counsel to the Fund. The Internal Revenue Service could disagree with any conclusions set forth in this section. In addition, our counsel was not asked to review, and has not reached a conclusion with respect to the federal income tax treatment of the assets to be deposited in the Fund. This may not be sufficient for prospective investors to use for the purpose of avoiding penalties under federal tax law.

As with any investment, prospective investors should seek advice based on their individual circumstances from their own tax advisor.

The Fund intends to qualify annually and to elect to be treated as a regulated investment company under the Internal Revenue Code of 1986, as amended (the “Code”).

To qualify for the favorable U.S. federal income tax treatment generally accorded to regulated investment companies, the Fund must, among other things, (a) derive in each taxable year at least 90% of its gross income from dividends, interest, payments with respect to securities loans and gains from the sale or other disposition of stock, securities or foreign currencies or other income derived with respect to its business of investing in such stock, securities or currencies, or net income derived from interests in certain publicly traded partnerships; (b) diversify its holdings so that, at the end of each quarter of the taxable year, (i) at least 50% of the market value of the Fund’s assets is represented by cash and cash items (including receivables), U.S. government securities, the securities of other regulated investment companies and other securities, with such other securities of any one issuer generally limited for the purposes of this calculation to an amount not greater than 5% of the value of the Fund’s total assets and not greater than 10% of the outstanding voting securities of such issuer, and (ii) not more than 25% of the value of its total assets is invested in the securities (other than U.S. government securities or the securities of other regulated investment companies) of any one issuer, or two or more issuers which the Fund controls which are engaged in the same, similar or related trades or businesses, or the securities of one or more of certain publicly traded partnerships; and (c) distribute at least 90% of its investment company taxable income (which includes, among other items, dividends, interest and net short-term capital gains in excess of net long-term capital losses) and at least 90% of its net tax-exempt interest income each taxable year.

There are certain exceptions for failure to qualify if the failure is for reasonable cause or is de minimis, and certain corrective action is taken and certain tax payments are made by the Fund.

As a regulated investment company, the Fund generally will not be subject to U.S. federal income tax on its investment company taxable income (as that term is defined in the Code, but without regard to the deduction for dividends paid) and net capital gain (the excess of net long-term capital gain over net short-term capital loss), if any, that it distributes to shareholders. The Fund intends to distribute to its shareholders, at least annually, substantially all of its investment company taxable income and net capital gain. If the Fund retains any net capital gain or investment company taxable income, it will generally be subject to federal income tax at regular corporate rates on the amount retained. In addition, amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% excise tax unless, generally, the Fund distributes during each calendar year an amount equal to the sum of (1) at least 98% of its ordinary income (not taking into account any capital gains or losses) for the calendar year, (2) at least 98.2% of its capital gains in excess of its capital losses (adjusted for certain ordinary losses) for the one-year period ending October 31 of the calendar year, and (3) any ordinary income and capital gains for previous years that were not distributed during those years. In order to prevent application of the excise tax, the Fund intends to make its distributions in accordance with the calendar year distribution requirement. A distribution will be treated as paid on December 31 of the current calendar year if it is declared by the Fund in October, November or December with a record date in such a month and paid by the Fund during January of the following calendar year. Such distributions will be taxable to shareholders in the calendar year in which the distributions are declared, rather than the calendar year in which the distributions are received.

Subject to certain reasonable cause and de minimis exceptions, if the Fund fails to qualify as a regulated investment company or fails to satisfy the 90% distribution requirement in any taxable year, the Fund would be taxed as an ordinary corporation on its taxable income (even if such income were distributed to its shareholders) and all distributions out of earnings and profits would be taxed to shareholders as ordinary income.

DISTRIBUTIONS

Dividends paid out of the Fund's investment company taxable income are generally taxable to a shareholder as ordinary income to the extent of the Fund's earnings and profits, whether paid in cash or reinvested in additional Shares. However, certain ordinary income distributions received from the Fund may be taxed at capital gains tax rates. In particular, ordinary income dividends received by an individual shareholder from a regulated investment company such as the Fund are generally taxed at the same rates that apply to net capital gain, *provided* that certain holding period requirements are satisfied and provided the dividends are attributable to qualifying dividends received by the Fund itself. Dividends received by the Fund from foreign corporations are qualifying dividends eligible for this lower tax rate only in certain circumstances. The Fund will provide notice to its Shareholders of the amount of any distributions that may be taken into account as a dividend which is eligible for the capital gains tax rates. The Fund cannot make any guarantees as to the amount of any distribution which will be regarded as a qualifying dividend.

Income from the Fund may also be subject to a 3.8% “Medicare tax.” This tax generally applies to net investment income if the taxpayer’s adjusted gross income exceeds certain threshold amounts, which are \$250,000 in the case of married couples filing joint returns and \$200,000 in the case of single individuals.

A corporation that owns Shares generally will not be entitled to the dividends received deduction with respect to many dividends received from the Fund because the dividends received deduction is generally not available for distributions from regulated investment companies. However, certain ordinary income dividends on Shares that are attributable to qualifying dividends received by the Fund from certain domestic corporations may be reported by the Fund as being eligible for the dividends received deduction.

Distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss), if any, properly reported as capital gain dividends are taxable to a shareholder as long-term capital gains, regardless of how long the shareholder has held Fund Shares. Shareholders receiving distributions in the form of additional Shares, rather than cash, generally will have a tax basis in each such Share equal to the value of a Share of the Fund on the reinvestment date. A distribution of an amount in excess of the Fund’s current and accumulated earnings and profits will be treated by a shareholder as a return of capital which is applied against and reduces the shareholder’s basis in his or her Shares. To the extent that the amount of any such distribution exceeds the shareholder’s basis in his or her Shares, the excess will be treated by the shareholder as gain from a sale or exchange of the Shares.

Shareholders will be notified annually as to the U.S. federal income tax status of distributions, and shareholders receiving distributions in the form of additional Shares will receive a report as to the value of those Shares.

SALE OR EXCHANGE OF FUND SHARES

Upon the sale or other disposition of Shares of the Fund, which a shareholder holds as a capital asset, such a shareholder may realize a capital gain or loss which will be long-term or short-term, depending upon the shareholder’s holding period for the Shares. Generally, a shareholder’s gain or loss will be a long-term gain or loss if the Shares have been held for more than one year.

Any loss realized on a sale or exchange will be disallowed to the extent that Shares disposed of are replaced (including through reinvestment of dividends) within a period of 61 days beginning 30 days before and ending 30 days after disposition of Shares or to the extent that the shareholder, during such period, acquires or enters into an option or contract to acquire, substantially identical stock or securities. In such a case, the basis of the Shares acquired will be adjusted to reflect the disallowed loss. Any loss realized by a shareholder on a disposition of Fund Shares held by the shareholder for six months or less will be treated as a long-term capital loss to the extent of any distributions of long-term capital gain received by the shareholder with respect to such Shares.

TAXES ON PURCHASE AND REDEMPTION OF CREATION UNITS

If a shareholder exchanges securities for Creation Units the shareholder will generally recognize a gain or a loss. The gain or loss will be equal to the difference between the market value of the Creation Units at the time and the shareholder's aggregate basis in the securities surrendered and the Cash Component paid. If a shareholder exchanges Creation Units for securities, then the shareholder will generally recognize a gain or loss equal to the difference between the shareholder's basis in the Creation Units and the aggregate market value of the securities received and the Cash Redemption Amount. The Internal Revenue Service, however, may assert that a loss realized upon an exchange of securities for Creation Units or Creation Units for securities cannot be deducted currently under the rules governing "wash sales," or on the basis that there has been no significant change in economic position.

NATURE OF FUND'S INVESTMENTS

Certain of the Fund's investment practices are subject to special and complex federal income tax provisions that may, among other things, (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (ii) convert lower taxed long-term capital gain into higher taxed short-term capital gain or ordinary income, (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited), (iv) cause the Fund to recognize income or gain without a corresponding receipt of cash, (v) adversely affect the time as to when a purchase or sale of stock or securities is deemed to occur and (vi) adversely alter the characterization of certain complex financial transactions.

FUTURES CONTRACTS AND OPTIONS

The Fund's transactions in futures contracts and options will be subject to special provisions of the Code that, among other things, may affect the character of gains and losses realized by the Fund (*i.e.*, may affect whether gains or losses are ordinary or capital, or short-term or long-term), may accelerate recognition of income to the Fund and may defer Fund losses. These rules could, therefore, affect the character, amount and timing of distributions to shareholders. These provisions also (a) will require the Fund to mark-to-market certain types of the positions in its portfolio (*i.e.*, treat them as if they were closed out), and (b) may cause the Fund to recognize income without receiving cash with which to make distributions in amounts necessary to satisfy the 90% distribution requirement for qualifying to be taxed as a regulated investment company and the distribution requirements for avoiding excise taxes.

INVESTMENTS IN CERTAIN FOREIGN CORPORATIONS

If the Fund holds an equity interest in any "passive foreign investment companies" ("*PFICs*"), which are generally certain foreign corporations that receive at least 75% of their annual gross income from passive sources (such as interest, dividends, certain rents and royalties or capital gains) or that hold at least 50% of their assets in investments producing such passive income, the Fund could be subject to U.S. federal income tax and additional interest charges on gains and certain distributions with respect to those equity interests, even if all the income or

gain is timely distributed to its shareholders. The Fund will not be able to pass through to its shareholders any credit or deduction for such taxes. The Fund may be able to make an election that could ameliorate these adverse tax consequences. In this case, the Fund would recognize as ordinary income any increase in the value of such PFIC shares, and as ordinary loss any decrease in such value to the extent it did not exceed prior increases included in income. Under this election, the Fund might be required to recognize in a year income in excess of its distributions from PFICs and its proceeds from dispositions of PFIC stock during that year, and such income would nevertheless be subject to the distribution requirement and would be taken into account for purposes of the 4% excise tax (described above). Dividends paid by PFICs are not treated as qualified dividend income.

BACKUP WITHHOLDING

The Fund may be required to withhold U.S. federal income tax from all taxable distributions and sale proceeds payable to shareholders who fail to provide the Fund with their correct taxpayer identification number or fail to make required certifications, or who have been notified by the Internal Revenue Service that they are subject to backup withholding. Corporate shareholders and certain other shareholders specified in the Code generally are exempt from such backup withholding. This withholding is not an additional tax. Any amounts withheld may be credited against the shareholder's U.S. federal income tax liability.

NON-U.S. SHAREHOLDERS

U.S. taxation of a shareholder who, as to the United States, is a nonresident alien individual, a foreign trust or estate, a foreign corporation or foreign partnership ("*non-U.S. shareholder*") depends on whether the income of the Fund is "effectively connected" with a U.S. trade or business carried on by the shareholder.

In addition to the rules described in this section concerning the potential imposition of withholding on distributions to non-U.S. persons, distributions to non-U.S. persons that are "financial institutions" may be subject to a withholding tax of 30% unless an agreement is in place between the financial institution and the U.S. Treasury to collect and disclose information about accounts, equity investments, or debt interests in the financial institution held by one or more U.S. persons or the institution is resident in a jurisdiction that has entered into such an agreement with the U.S. Treasury. For these purposes, a "financial institution" means any entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) holds financial assets for the account of others as a substantial portion of its business, or (iii) is engaged (or holds itself out as being engaged) primarily in the business of investing, reinvesting or trading in securities, partnership interests, commodities or any interest (including a futures contract or option) in such securities, partnership interests or commodities. Dispositions of Shares by such persons may be subject to such withholding after December 31, 2018.

Distributions to non-financial non-U.S. entities (other than publicly traded foreign entities, entities owned by residents of U.S. possessions, foreign governments, international organizations, or foreign central banks) will also be subject to a withholding tax of 30% if the entity does not certify that the entity does not have any substantial U.S. owners or provide the

name, address and TIN of each substantial U.S. owner. Dispositions of Shares by such persons may be subject to such withholding after December 31, 2018.

Income Not Effectively Connected. If the income from the Fund is not “effectively connected” with a U.S. trade or business carried on by the non-U.S. shareholder, distributions of investment company taxable income will generally be subject to a U.S. tax of 30% (or lower treaty rate), which tax is generally withheld from such distributions.

Distributions of capital gain dividends and any amounts retained by the Fund which are properly reported by the Fund as undistributed capital gains will not be subject to U.S. tax at the rate of 30% (or lower treaty rate) unless the non-U.S. shareholder is a nonresident alien individual and is physically present in the United States for more than 182 days during the taxable year and meets certain other requirements. However, this 30% tax on capital gains of nonresident alien individuals who are physically present in the United States for more than the 182 day period only applies in exceptional cases because any individual present in the United States for more than 182 days during the taxable year is generally treated as a resident for U.S. income tax purposes; in that case, he or she would be subject to U.S. income tax on his or her worldwide income at the graduated rates applicable to U.S. citizens, rather than the 30% U.S. tax. In the case of a non-U.S. shareholder who is a nonresident alien individual, the Fund may be required to withhold U.S. income tax from distributions of net capital gain unless the non-U.S. shareholder certifies his or her non-U.S. status under penalties of perjury or otherwise establishes an exemption. If a non-U.S. shareholder is a nonresident alien individual, any gain such shareholder realizes upon the sale or exchange of such shareholder’s Shares of the Fund in the United States will ordinarily be exempt from U.S. tax unless the gain is U.S. source income and such shareholder is physically present in the United States for more than 182 days during the taxable year and meets certain other requirements.

Distributions from the Fund that are properly reported by the Fund as an interest-related dividend attributable to certain interest income received by the Fund or as a short-term capital gain dividend attributable to certain net short-term capital gain income received by the Fund may not be subject to U.S. federal income taxes, including withholding taxes when received by certain non-U.S. investors, provided that the Fund makes certain elections and certain other conditions are met.

In addition, capital gain distributions attributable to gains from U.S. real property interests (including certain U.S. real property holding corporations) will generally be subject to United States withholding tax and will give rise to an obligation on the part of the foreign shareholder to file a United States tax return.

Income Effectively Connected. If the income from the Fund is “effectively connected” with a U.S. trade or business carried on by a non-U.S. shareholder, then distributions of investment company taxable income and capital gain dividends, any amounts retained by the Fund which are properly reported by the Fund as undistributed capital gains and any gains realized upon the sale or exchange of Shares of the Fund will be subject to U.S. income tax at the graduated rates applicable to U.S. citizens, residents and domestic corporations. Non-U.S. corporate shareholders may also be subject to the branch profits tax imposed by the Code. The

tax consequences to a non-U.S. shareholder entitled to claim the benefits of an applicable tax treaty may differ from those described herein. Non-U.S. shareholders are advised to consult their own tax advisors with respect to the particular tax consequences to them of an investment in the Fund.

CAPITAL LOSS CARRY-FORWARD

Under the Regulated Investment Company Modernization Act of 2010 (the “RIC Modernization Act”), net capital losses incurred in taxable years after December 22, 2010, may be carried forward indefinitely, and their character is retained as short-term and/or long-term losses. Previously, net capital losses were carried forward for up to eight years and treated as short-term losses. As a transition rule, the RIC Modernization Act requires that post-enactment net capital losses be used before pre-enactment net capital losses. To the extent that these loss carry-forwards are used to offset future capital gains, it is probable that the capital gains so offset will not be distributed to Fund shareholders. The Fund is subject to certain limitations, under U.S. tax rules, on the use of capital loss carry-forwards and net unrealized built-in losses. These limitations apply when there has been a 50% change in ownership.

PORTFOLIO TURNOVER

For investors that hold their Fund Shares in a taxable account, a high portfolio turnover rate may result in higher taxes. This is because a fund with a high turnover rate is likely to accelerate the recognition of capital gains and more of such gains are likely to be taxable as short-term rather than long-term capital gains in contrast to a comparable fund with a low turnover rate. Any such higher taxes would reduce the Fund’s after-tax performance. For non-U.S. investors, any such acceleration of the recognition of capital gains that results in more short-term and less long-term capital gains being recognized by the Fund may cause such investors to be subject to increased U.S. withholding taxes.

OTHER TAXATION

Fund shareholders may be subject to state, local and foreign taxes on their Fund distributions. Shareholders are advised to consult their own tax advisors with respect to the particular tax consequences to them of an investment in the Fund.

This discussion of “Distributions and Taxes” is not intended or written to be used as tax advice and does not purport to deal with all federal tax consequences applicable to all categories of investors, some of which may be subject to special rules. You should consult your own tax adviser regarding your particular circumstances before making an investment in the Fund.

PERFORMANCE INFORMATION

To obtain the Fund’s most current performance information, please call (800) 208-5212 or visit the Fund’s website at www.innovatoretfs.com.

From time to time, the Fund's performance information, such as yield or total return, may be quoted in advertisements or in communications to present or prospective shareholders. Performance quotations represent the Fund's past performance and should not be considered as representative of future results. The Fund will calculate its performance in accordance with the requirements of the rules and regulations under the 1940 Act, as they may be revised from time to time.

EXHIBIT A
EGAN-JONES PROXY SERVICES
STANDARD PROXY VOTING
PRINCIPLES AND GUIDELINES

Egan-Jones Proxy Voting Principles

Introduction

Our Proxy Voting Principles serve as the background for our Proxy Voting Guidelines, which, in turn, act as general guidelines for the specific recommendations that we make with respect to proxy voting. It is important to recognize that such principles are not intended to dictate but guide. Certain of the principles may be inappropriate for a given company, or in a given situation. Additionally, the principles are evolving and should be viewed in that light. Our principles are and will be influenced by current and forthcoming legislation, rules and regulations, and stock exchange rules. Examples include:

- the Sarbanes-Oxley Act of 2002 and implementing rules promulgated by the U.S. Securities & Exchange Commission
- revised corporate governance listing standards of the New York Stock Exchange and resulting SEC rules
- corporate governance reforms and subsequent proposed rule filings made with the SEC by The NASDAQ Stock Market, Inc. and resulting SEC rules

In general:

- Directors should be accountable to shareholders, and management should be accountable to directors.
- Information on the Company supplied to shareholders should be transparent.
- Shareholders should be treated fairly and equitably according to the principle of one share, one vote.

Principles

A. Director independence

It is our view that:

- A two-thirds majority of the board should be comprised of independent directors.
- Independent directors should meet alone at regularly scheduled meetings, no less frequently than semi-annually, without the Chief Executive Officer or other non-independent directors present.
- When the Chairman of the Board also serves as the Company's Chief Executive Officer, the board should designate one independent director to act as a leader to coordinate the activities of the other independent directors.
- Committees of the board dealing with the following responsibilities should consist only of independent directors: audit, compensation, nomination of directors, corporate governance, and compliance.
- No director should serve as a consultant or service provider to the Company.
- Director compensation should be a combination of cash and stock in the Company, with stock constituting a significant component.

In our opinion, an independent director, by definition, has no material relationship with the Company other than his or her directorship. This avoids the potential for conflict of interest. Specifically such director:

- should not have been employed by the Company or an affiliate within the previous five years.

- should not be the founder of the Company.
- should not be a director of the Company serving in an ex officio capacity.
- should not be a member of the Company’s Board of Directors for 10 years or more, however, a director who is a diverse nominee may be exempted from this rule on the case-by-case basis.
- should have no services contract regarding such matters as aircraft rental contract, real property lease or similar contract with the Company or affiliate, or with a member of the Company’s senior management or provide legal or consulting services to the Company within the previous three years.
- should not be employed by a public company at which an executive officer of the Company serves as a director, and thereby be part of an interlocking relationship.
- should not be a member of the *immediate family* (spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone other than domestic employees who share such person’s home) of any person described above.
- a director who receives, or whose immediate family member receives, more than \$120,000 per year in *direct compensation* (base salary plus cash bonus) from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation.
- a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of another company (other than a utility) or non-profit organization that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of the recipient company’s consolidated gross revenues, is not “independent” until three years after falling below such threshold. However, the existence of a credit agreement between a bank and the Company shall not affect the independence of a director who is an executive of that bank within the previous three years.

B. Board operating procedures

- The board should adopt a written statement of its governance principles, and regularly re-evaluate them.
- Independent directors should establish performance criteria and compensation incentives for the Chief Executive Officer, and regularly review his or her performance against such criteria. Such criteria should align the interests of the CEO with those of shareholders, and evaluate the CEO against peer groups.
- The independent directors should be provided access to professional advisers of their own choice, independent of management.
- The board should have a CEO succession plan, and receive periodic reports from management on the development of other members of senior management.
- Directors should have access to senior management through a designated liaison person.
- The board should periodically review its own size, and determine the appropriate size.

C. Requirements for individual directors

We recommend that:

- The board should provide guidelines for directors serving on several Boards addressing competing commitments.

- The board should establish performance criteria for itself and for individual directors regarding director attendance, preparedness, and participation at meetings of the board and of committees of the board, and directors should perform satisfactorily in accordance with such criteria in order to be re-nominated.

D. Shareholder rights

- A simple majority of shareholders should be able to amend the Company’s bylaws, call special meetings, or act by written consent.
- “Greenmail” should be prohibited.
- Shareholder approval should be required to enact or amend a “poison pill” (i.e., “shareholder rights”) plan
- Directors should be elected annually.
- The board should ordinarily implement a shareholder proposal that is approved by a majority of proxy votes.
- Shareholders should have effective access to the director nomination process.

Egan-Jones Proxy Voting Guidelines

Consistent with the above-listed principles, the proxy voting guidelines outlined below are written to guide the specific recommendations that we make to our clients. Ordinarily, we do not recommend that clients ABSTAIN on votes; rather, we recommend that they vote FOR or AGAINST proposals (or, in the case of election of directors, that they vote FOR ALL nominees, AGAINST the nominees, or that they WITHHOLD votes for certain nominees). In the latter instance, the recommendation on our report takes the form ALL, EXCEPT FOR and lists the nominees from whom votes should be withheld.

Whether or not the guideline below indicates “case-by-case basis,” every case is examined to ensure that the recommendation is appropriate.

Board Of Directors

Election of Directors in Uncontested Elections

Case-by-case basis, examining composition of board and key board committees, attendance history, corporate governance provisions and takeover activity, long-term company financial performance relative to a market index, directors’ investment in the Company, etc.

WITHHOLD votes from nominees who:

- are affiliated outside directors and sit on the Audit, Compensation, or Nominating committees.
- are inside directors and sit on the Audit, Compensation, or Nominating committees.
- are inside directors and the Company does not have Audit, Compensation, or Nominating committees.
- attend less than 75 percent of the board and committee meetings. Participation by phone is acceptable.
- ignore a shareholder proposal that is approved by a majority of the shares outstanding.
- ignore a shareholder proposal that is approved by a majority of the votes cast for two consecutive years.
- fail to act on takeover offers where the majority of the shareholders have tendered their shares.
- implement or renew a “dead-hand” or modified “dead-hand” poison pill.
- sit on more than five other public boards.
- serve as both Chairmen of the Board and CEOs and the Company receives a poor Board Score.

- serve as CEOs and hold more than one outside public directorship.
- serve as Chairmen of the Board and hold more than one outside public directorship.
- sit on the existing board, which has failed to respond adequately to a say-on-pay vote in which the majority of votes cast voted AGAINST.
- sit on the existing board, which has implemented a less frequent say-on-pay vote than the frequency option which received a majority of votes cast in the previous frequency vote.

Underperforming Board Policy

WITHHOLD votes from Compensation Committee members in cases when the Company obtains a questionable score on the Egan-Jones compensation rating model.

WITHHOLD votes from Compensation Committee members in cases when the Company's Compensation Plans (Cash Bonus Plan or Stock Option Plan) receive an "AGAINST" recommendation from Egan-Jones.

Board Accountability

Case-by-case basis for the following:

- Evidence or belief of failure of the board to properly account and prepare for risk (i.e. carbon or cyber issues)
- A low board score, coupled with poor performance
- Legal or ethical problems in the Company or its management

In cases in which the Company has engaged in the practice commonly referred to as "options backdating," Egan-Jones may recommend that votes be withheld from nominees serving on the Company's compensation committee, the Company's entire board of directors, and/or its chief executive officer. Such recommendations will be made on a case-by-case basis, taking into consideration such matters as intent of the individuals involved, scope and timing of the practice, significance of financial restatement required, and corrective action taken.

Furthermore, we may recommend withholding votes from either members of the Company's compensation committee, its entire board of directors and/or its chief executive officer where the Company has engaged in what we judge to be other unsatisfactory compensation practices. Considerations may include such factors as "pay-for-failure" executive severance provisions, change-in-control payments which are either excessive or which are not tied to loss of job or significant reduction in duties, excessive executive perquisites, unjustified changes in the performance standards applied to performance-based compensation, and executive compensation out of proportion to performance of the Company.

FOR responsible shareholder proposals calling for the Company to name as directors only those who receive a majority of shareholder votes.

Separating Chairman and CEO

FOR shareholder proposals requiring that positions of Chairman and CEO be held separately.

Independent Directors

FOR shareholder proposals asking that a two-thirds majority of directors be independent.

FOR shareholder proposals asking that the board's Audit, Compensation, and/or Nominating committees be composed exclusively of independent directors.

FOR shareholder proposals that the Chairman OR lead director be independent when the Company obtains a questionable score on the Egan-Jones director independence rating. AGAINST in all other cases.

Stock Ownership Requirements

AGAINST shareholder proposals requiring directors to own a minimum amount of company stock in order to qualify as a director or to remain on the board.

Term Limits

AGAINST shareholder proposals to limit tenure of outside directors.

Age Limits

AGAINST shareholder proposals to impose a mandatory retirement age for outside directors.

Director and Officer Indemnification and Liability

Case-by-case basis on management proposals regarding director and officer indemnification and liability, using Delaware law as the standard.

AGAINST management proposals to eliminate entirely directors and officers liability for monetary damages for violating the duty of care.

AGAINST management indemnification proposals that would expand coverage beyond legal expenses to acts, such as negligence, that are more serious violations of fiduciary obligation than mere carelessness.

FOR only those management proposals providing such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if (1) the director was found to have acted in good faith and in a manner that he or she reasonably believed was in the best interests of the company, and (2) only if the director's legal expenses would be covered.

Charitable Contributions

AGAINST shareholder proposals regarding disclosure of charitable contributions.

Political Contributions

AGAINST shareholder proposals regarding disclosure of political contributions.

FOR management proposals regarding approval of political contributions.

Lobbying Expenditures

AGAINST shareholder proposals for disclosure of lobbying expenditures.

Proxy Contests and Other Contested Elections**Election of Directors in Contested Elections**

Case-by-case basis for voting for directors in contested elections, considering long-term financial performance of the target company relative to its industry, management's track record, background to the proxy contest, qualifications of director nominees on both slates, evaluation of what each side is offering shareholders as well as likelihood that proposed objectives and goals will be met, and stock ownership positions.

FOR plurality voting standard in contested elections.

Reimbursement of Proxy Solicitation Expenses

Case-by-case basis for shareholder proposals for reimbursement of proxy solicitation expenses. FOR reimbursing proxy solicitation expenses where EGAN-JONES recommends in favor of the dissidents.

Auditors**Ratifying Auditors**

FOR management proposals to ratify appointment of independent auditor unless:

- Auditor obtains a questionable score on the Egan-Jones Auditor Rating Model which takes into account a number of factors including but not limited to:
 - Auditor rotation every seven years
 - Non-audit fees exceeding 50% of total fees
 - Significant and material disciplinary actions taken against the Company's Auditor

- Auditor has a financial interest in or association with the Company, and is therefore not independent; or there is reason to believe that the independent auditor has rendered an opinion which is neither accurate nor indicative of the Company's financial position.

Proxy Contest Defenses

Classified Board vs. Annual Election

AGAINST management proposals to classify the board.

FOR shareholder proposals to repeal ("de-stagger") classified boards and to elect all directors annually.

Removal of Directors

AGAINST management proposals that provide that directors may be removed only for cause.

FOR shareholder proposals to restore shareholder ability to remove directors with or without cause.

CASE-BY-CASE basis for shareholder proposal to remove a director, usually AGAINST unless there are compelling reasons to remove a director or a director does not fulfill Egan-Jones criteria examining independence, meetings attendance, other board memberships, then in such cases FOR.

AGAINST management proposals that provide that only continuing directors may elect replacements to fill board vacancies.

FOR shareholder proposals that permit shareholders to elect directors to fill board vacancies.

Cumulative Voting

FOR management proposals to eliminate cumulative voting.

AGAINST shareholder proposals to provide for cumulative voting.

Calling Special Meetings

AGAINST management proposals to restrict or prohibit shareholder ability to call special meetings.

FOR shareholder proposals to allow a shareholder holding a 25% or greater interest to call a special shareholder meeting.

Acting by Written Consent

Case by case for management proposals to restrict or prohibit shareholder ability to take action by written consent.

FOR shareholder proposals to allow or make easier shareholder action by written consent.

Altering Size of the Board

FOR management proposals to fix the size of the board.

AGAINST management proposals that give management the ability to alter size of the board without shareholder approval.

Tender Offer Defenses

"Poison Pills"

FOR shareholder proposals that ask the Company to submit its "poison pill" for shareholder ratification.

Case-by-case basis for shareholder proposals to redeem a company's existing "poison pill."

Case-by-case basis for management proposals to ratify a "poison pill."

Fair Price Provisions

Case-by-case basis for adopting fair price provisions, considering vote required to approve the proposed acquisition, vote required to repeal the fair price provision, and mechanism for determining the fair price.

AGAINST fair price provisions with shareholder vote requirements greater than a majority of disinterested shares.

“Greenmail”

FOR proposals to adopt anti-“greenmail” charter or bylaw amendments or otherwise restrict the company’s ability to make “greenmail” payments.

Case-by-case basis for anti-“greenmail” proposals which are bundled with other charter or bylaw amendments.

“Pale Greenmail”

Case-by-case basis for restructuring plans that involve the payment of pale greenmail.

Unequal Voting Rights

AGAINST dual-class exchange offers and dual-class recapitalizations.

Supermajority Requirement to Amend Charter or Bylaws

AGAINST management proposals to require a supermajority shareholder vote to approve charter and bylaw amendments.

FOR shareholder proposals to lower supermajority shareholder vote requirements for charter and bylaw amendments.

Supermajority Requirement to Approve Mergers

AGAINST management proposals to require a supermajority shareholder vote to approve mergers and other significant business combinations.

FOR shareholder proposals to lower supermajority shareholder vote requirements for mergers and other significant business combinations.

Placement of Equity with “White Squire”

FOR shareholder proposals to require approval of “blank check preferred stock” issues for other than general corporate purposes.

Other Governance Proposals

Confidential Voting

FOR shareholder proposals that request that the company adopt confidential voting, use independent tabulators, and use independent inspectors of election as long as the proposals include clauses for proxy contests as follows: In the case of a contested election, management should be permitted to request that the dissident group honor its confidential voting policy. If the dissidents agree, the policy remains in place. If the dissidents do not agree, the confidential voting policy is waived.

FOR management proposals to adopt confidential voting.

Equal Access

AGAINST shareholder proposals that would allow significant company shareholders equal access to management’s proxy material in order to evaluate and propose voting recommendations on proxy proposals and director nominees, and in order to nominate their own candidates to the board.

Proxy Access

FOR binding shareholder proxy access proposals considering the following criteria:

- 0.5% ownership threshold
- Number of board members that may be elected - cap of 1/3 of board or minimum 2 nominees, if the board size is being lowered the calculation is based upon the original board size, if it is being increased the calculation would be based upon the original board size, with each new slot added to the total, so two plus six if six new board positions are being created

- We prefer no limit or caps on the number of shareowners in the nominations group
- Loaned securities will count towards total
- We prefer that all participants affirm that they intend to be “long term shareholders” of the company with at least 6 month ownership duration requirement
- Proposals with no re-nominations restrictions are preferred

Bundled Proposals

Case-by-case basis for bundled or “conditioned” proxy proposals. Where items are conditioned upon each other, examine benefits and costs. AGAINST in instances when the joint effect of the conditioned items is not in shareholders’ best interests. FOR if the combined effect is positive.

Shareholder Advisory Committees

Case-by-case basis for shareholder proposals establishing a shareholder advisory committee.

Capital Structure

Common Stock Authorization

AGAINST management proposals increasing the number of authorized shares of the class of stock that has superior voting rights in companies that have dual-class capitalization structures.

AGAINST management proposals to increase the number of authorized shares of common stock, or equivalents, that exceeds the maximum amount indicated by Egan-Jones model without any specified legitimate purpose.

FOR management proposals to increase the number of authorized shares of common stock, or equivalents, that does not exceed the maximum amount indicated by Egan-Jones model or are targeted for a specified legitimate purpose.

Case-by-case basis on other such management proposals considering the specified purposes of the proposed increase, any explanation of risks to shareholders of failing to approve the request, potential dilution, and recent track record for using authorized shares, in which case judgment is applied to weigh such factors. Factors which are normally weighed in making such judgments include prior performance of the issuer, changes within the industry, relative performance within the industry, client preferences and overall good corporate governance. In general, we view the authorization of additional common shares to be ordinary and necessary and in the best long-term interests of the issuer and its shareholders.

Stock Distributions: Splits and Dividends

FOR management proposals to increase common share authorization for a stock split, provided that the increase in authorized shares would not result in an excessive number of shares available for issuance, considering the industry and company’s returns to shareholders.

Reverse Stock Splits

FOR management proposals to implement a reverse stock split when the number of shares will be proportionately reduced to avoid delisting.

Case-by-case basis on management proposals to implement a reverse stock split that do not proportionately reduce the number of shares authorized for issuance.

Preferred Stock

AGAINST management proposals authorizing creation of new classes of “blank check preferred stock” (i.e., classes with unspecified voting, conversion, dividend distribution, and other rights).

FOR management proposals to authorize preferred stock in cases where the Company specifies the voting, dividend, conversion, and other rights of such stock and the terms are reasonable.

Case-by-case basis on management proposals to increase the number of “blank check preferred shares” after analyzing the number of preferred shares available for issuance considering the industry and Company’s returns to shareholders.

“Blank Check Preferred Stock”

FOR shareholder proposals to have placements of “blank check preferred stock” submitted for shareholder approval, except when those shares are issued for the purpose of raising capital or making acquisitions in the normal course.

FOR management proposals to create “blank check preferred stock” in cases when the Company specifically states that the stock will not be used as a takeover defense.

Adjustments to Par Value of Common Stock

FOR management proposals to reduce the par value of common stock.

Preemptive Rights

Case-by-case basis on shareholder proposals that seek preemptive rights, considering size of the company and shareholder characteristics.

Debt Restructurings

Case-by-case basis on management proposals to increase number of common and/or preferred shares and to issue shares as part of a debt restructuring plan, considering dilution, any resulting change in control.

FOR management proposals that facilitate debt restructurings except where signs of self-dealing exist.

Share Repurchase Programs

FOR management proposals to institute open-market share repurchase plans in which all shareholders may participate on equal terms.

Tracking Stock

Case-by-case basis for management proposals for creation of tracking stock, considering the strategic value of the transaction vs. adverse governance changes, excessive increases in authorized stock, inequitable distribution method, diminution of voting rights, adverse conversion features, negative impact on stock option plans, and other alternatives, such as spin-offs.

Stock buybacks

Case-by-case on management proposals requesting stock buybacks. AGAINST in cases when the Company receives a poor Board or Compensation score. FOR otherwise.

Compensation of Officers and Directors

Compensation of Officers and Directors

FOR compensation plans that result in an amount of dilution (or the equivalent value in cash) that is less than the total amount suggested by Egan-Jones compensation rating model’s maximum dilution function as determined by the Company’s compensation rating.

AGAINST compensation plans that result in an excess amount of dilution (or the equivalent value in cash) that is more than the total amount suggested by Egan-Jones compensation rating model’s maximum dilution function as determined by the Company’s compensation rating.

AGAINST compensation plans involving “pay for failure,” such as excessively long contracts, guaranteed compensation, excessive severance packages, or other problematic practice not accounted for in the Egan-Jones compensation rating.

Case-by-case (but generally FOR) plans that are completely “decoupled” from the CEOs compensation and thus have no impact on the CEO’s current or future total compensation.

Advisory Votes on Executive Compensation (“Say-on-Pay”)

Case-by-case basis on advisory votes on executive compensation (“Say-on-Pay”), based on the score obtained by the Company in Egan-Jones Compensation Rating. AGAINST a non-binding compensation advisory vote when the Company obtains a questionable score on the Egan-Jones Compensation Rating model, FOR otherwise.

Relative Compensation is based upon a number of quantitative and qualitative metrics which produce a final score that is both forward looking and based upon the prior performance metrics of the company's wealth creation and market capitalization as compared to the CEO's total compensation package. Higher wealth creation, market capitalization and lower CEO compensation all contribute to a higher score in this rating. Additional qualitative measures such as 162m compliance, executive pension plan status and other relevant factors are then used to calculate the final score.

Advisory Votes Regarding Frequency of Advisory Votes on Executive Compensation

FOR management proposals that recommend that advisory votes on executive compensation take place annually.

AGAINST management proposals that recommend that advisory votes on executive compensation take place every two years or triennially.

AGAINST shareholder proposals regarding advisory vote on directors' compensation.

Management Proposals Seeking Approval to Re-price Options

Case-by-case basis on management proposals seeking approval to re-price options.

Director Compensation

Case-by-case basis on stock-based plans for directors.

Employee Stock Purchase Plans

Case-by-case basis on employee stock purchase plans.

Amendments that Place a Maximum Limit on Annual Grants or Amend Administrative Features

FOR plans that amend shareholder-approved plans to include administrative features or place maximum limit on annual grants that any participant may receive to comply with the provisions of Section 162(m) of the Omnibus Budget Reconciliation Act (OBRA).

Amendments to Added Performance-Based Goals

FOR amendments to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) of OBRA.

Amendments to Increase Shares and Retain Tax Deductions under OBRA

Case-by-case basis on amendments to existing plans to increase shares reserved and to qualify the plan for favorable tax treatment under the provisions of Section 162(m).

Approval of Cash or Cash & Stock Bonus Plans

Case-by-case basis on cash or cash & stock bonus plans to exempt compensation from taxes under the provisions of Section 162(m) of OBRA.

Limits on Director and Officer Compensation

FOR shareholder proposals requiring additional disclosure of officer and director compensation.

Case-by-case basis for all other shareholder proposals seeking limits on officer and director compensation.

“Golden Parachutes” and “Tin Parachutes”

FOR shareholder proposals to have “golden and tin parachutes” submitted for shareholder ratification.

Case-by-case basis on proposals to ratify or cancel “golden or tin parachutes.”

Employee Stock Ownership Plans (ESOPs)

FOR proposals that request shareholder approval in order to implement an ESOP or to increase authorized number of shares for existing ESOPs, except in cases when the number of shares allocated to the ESOP is “excessive” (i.e., greater than five percent of outstanding shares).

401(k) Employee Benefit Plans

FOR proposals to implement a 401(k) savings plan for employees.

State of Incorporation

State Takeover Statutes

Case-by-case basis on proposals to opt in or out of state takeover statutes (including control share acquisition statutes, control share cash-out statutes, freeze-out provisions, fair price provisions, stakeholder laws, poison pill endorsements, severance pay and labor contract provisions, anti-“greenmail” provisions, and disgorgement provisions).

Reincorporation Proposals

Case-by-case basis on proposals to change the Company’s state of incorporation.

Business Combinations and Corporate Restructurings

Mergers and Acquisitions

Case-by-case basis on mergers and acquisitions, considering projected financial and operating benefits, offer price, prospects of the combined companies, negotiation process, and changes in corporate governance.

Corporate Restructuring

Case-by-case basis on corporate restructurings, including minority squeeze-outs, leveraged buyouts, spin-offs, liquidations, and asset sales.

Spin-offs

Case-by-case basis on spin-offs, considering tax and regulatory advantages, planned use of proceeds, market focus, and managerial incentives.

Asset Sales

Case-by-case basis on asset sales, considering impact on the balance sheet and working capital, and value received.

Liquidations

Case-by-case basis on liquidations considering management’s efforts to pursue alternatives, appraisal value, and compensation for executives managing the liquidation.

Appraisal Rights

FOR providing shareholders with appraisal rights.

Mutual Fund Proxies

Election of Directors

Case-by-case basis for election of directors, considering board structure, director independence, director qualifications, compensation of directors within the fund and the family of funds, and attendance at board and committee meetings.

WITHHOLD votes for directors who:

- are interested directors and sit on key board committees (Audit or Nominating committees)
- are interested directors and the company does not have one or more of the following committees: Audit or Nominating.
- attend less than 75 percent of the board and committee meetings. Participation by phone is acceptable.
- ignore a shareholder proposal that is approved by a majority of shares outstanding.

- ignore a shareholder proposal that is approved by a majority of the votes cast for two consecutive years
- serve as Chairman but are not independent (e.g. serve as an officer of the fund's advisor)

Converting Closed-end Fund to Open-end Fund

Case-by-case basis for conversion of closed-end fund to open-end fund, considering past performance as a closed-end fund, market in which the fund invests, measures taken by the board to address the market discount, and past shareholder activism, board activity, and votes on related proposals.

Proxy Contests

Case-by-case basis on proxy contests, considering past performance, market in which fund invests, and measures taken by the board to address issues raised, past shareholder activism, board activity, and votes on related proposals.

Investment Advisory Agreements

Case-by-case basis on investment advisory agreements, considering proposed and current fee schedules, fund category and investment objective, performance benchmarks, share price performance relative to that of peers; and magnitude of any fee increase.

New Classes or Series of Shares

FOR creating new classes or series of shares.

Preferred Stock Authorization

Case-by-case basis for authorization for or increase in preferred shares, considering financing purpose and potential dilution for common shares.

1940 Act Policies

Case-by-case basis for 1940 Act policies, considering potential competitiveness, regulatory developments, current and potential returns, and current and potential risk.

Changing a Fundamental Restriction to a Non-fundamental Restriction

Case-by-case basis on changing fundamental restriction to non-fundamental restriction, considering fund's target investments, reasons for change, and projected impact on portfolio.

Changing Fundamental Investment Objective to Non-fundamental

AGAINST proposals to change the fund's fundamental investment objective to non- fundamental.

Name Rule Proposals

Case-by-case basis for name rule proposals, considering the following factors: political/economic changes in target market; bundling with quorum requirements or with changes in asset allocation, and consolidation in the fund's target market.

Disposition of Assets, Termination, Liquidation

Case-by-case basis for disposition of assets, termination or liquidation, considering strategies employed, company's past performance, and terms of liquidation.

Charter Modification

Case-by-case basis for changes to the charter, considering degree of change, efficiencies that could result, state of incorporation, and regulatory standards and implications.

Change of Domicile

Case-by-case basis for changes in state of domicile, considering state regulations of each state, required fundamental policies of each state; and the increased flexibility available.

Change in Sub-classification

Case-by-case basis for change in sub-classification, considering potential competitiveness, current and potential returns, risk of concentration, and industry consolidation in the target industry.

Authorizing Board to Hire and Terminate Sub-advisors without Shareholder Approval

AGAINST authorizing the board to hire and terminate sub-advisors without shareholder approval.

Distribution Agreements

Case-by-case basis for approving distribution agreements, considering fees charged to comparably sized funds with similar objectives, proposed distributor's reputation and past performance, and competitiveness of fund in industry.

Master-Feeder Structure

FOR establishment of a master-feeder structure.

Changes to Charter

Case-by-case basis for changes to the charter, considering degree of change implied by the proposal, resulting efficiencies, state of incorporation, and regulatory standards and implications.

Mergers

Case-by-case basis for proposed merger, considering resulting fee structure, performance of each fund, and continuity of management.

Advisory Vote on Merger Related Compensation

AGAINST "golden parachutes" which are abusive,

- such as those that exceed 3x of the cash severance or
- if the cash severance multiple is greater than 2.99x or
- contain tax gross-ups or
- provide for accelerated vesting of equity awards, (however, pro-rata vesting of awards based on past service is acceptable) or
- are triggered prior to completion of the transaction or
- if the payouts are not contingent on the executive's termination.

Miscellaneous Shareholder Proposals

Independent Directors

FOR shareholder proposals asking that a three-quarters majority of directors be independent.

FOR shareholder proposals asking that board's Audit, Compensation, and/or Nominating committees be composed exclusively of independent directors.

FOR shareholder proposals that the Chairman OR lead director be independent when the company obtains a questionable score on the Egan-Jones director independence rating. AGAINST in all other cases.

Establish Director Ownership Requirement

AGAINST proposals establishing a director ownership requirement.

Reimbursement of Shareholder for Expenses Incurred

CASE-BY-CASE for proposals for reimbursing proxy solicitation expenses in contested meetings.

FOR proposals for reimbursing proxy solicitation expenses in contested meetings in cases where EGAN-JONES recommends in favor of the dissidents.

Terminate the Investment Advisor

CASE-BY-CASE basis for proposals for terminating the investment advisor, considering fund's performance and history of shareholder relations.

AGAINST shareholder proposals to adopt a policy that the Company will pay the personal taxes owed on restricted stock awards on behalf of named executive officers.

Recovery of Unearned Management Bonuses

AGAINST shareholder proposals to adopt an executive compensation recoupment policy.

Clawback Provision Amendment

AGAINST shareholder proposals that request the board of directors amend the Company's clawback policy for executive compensation.

Quantifiable Performance Metrics

CASE-BY-CASE on shareholder proposals that request the board adopt the policy regarding quantifiable performance metrics. FOR this proposal in cases when Egan-Jones compensation rating model results in an 'Against' recommendation on 'Say-on-Pay' proposal. AGAINST this proposal in cases of when Egan-Jones compensation rating model results in a 'For' recommendation on 'Say-on-Pay' proposal.

Vote Tabulation

FOR shareholder proposals that request all matters presented to shareholders, other than the election of directors, shall be decided by a simple majority of the shares voted 'For' and 'Against' an item and abstentions from the vote count be excluded.

Maryland's Unsolicited Takeover Act

FOR shareholder proposals requesting that the Board opt out of MUTA, which allows the board of directors to make changes by board resolution only, without shareholder approval, to a company's capital structure and charter/bylaws. These include, but are not limited to:

- > the ability to re-classify a board;
- > the exclusive right to set the number of directors;
- > limiting shareholders' ability to call special meetings to a threshold of at least a majority of shares.

Accelerated Vesting

FOR shareholder proposals to implement double triggered with pro-rata vesting of awards.

Dividends

CASE-BY-CASE basis for shareholder proposals to increase dividends, but generally AGAINST in the absence of a compelling reason for.

Shareholder Proposals on Social Issues**Energy and Environment**

AGAINST shareholder proposals that request companies to follow the CERES Principles.

Generally AGAINST proposals requesting reports that seek additional information, unless it appears that the Company has not adequately addressed shareholders' relevant environmental concerns but FOR shareholder proposals requesting additional disclosure regarding hydraulic fracturing.

AGAINST proposals that request that the Board prepare, at reasonable expense and omitting proprietary information, a sustainability report.

AGAINST shareholder proposals that requests that company develop and implement a comprehensive sustainable palm oil sourcing policy.

AGAINST shareholder proposals promoting recycling.

AGAINST shareholder proposals requesting a report on recyclable packaging.

AGAINST shareholder proposals requesting that a company voluntarily label genetically engineered (GE) ingredients in its products.

AGAINST shareholder proposals that requests the Company prepare a report, at reasonable expense and omitting proprietary information, assessing actual and potential material financial risks or operational impacts on the Company related to these genetically modified organisms (GMO issues).

AGAINST shareholder proposals to eliminate GE ingredients from the company's products, or proposals asking for reports outlining the steps necessary to eliminate GE ingredients from the company's products.

AGAINST shareholder proposals requesting that a company adopt GHG emissions reductions goals and issue a report by at reasonable cost and omitting proprietary information, on its plans to achieve these goals.

AGAINST shareholder proposals to encourage energy conservation and the development of alternate renewable and clean energy resources and to reduce or eliminate toxic wastes and greenhouse gas emissions.

AGAINST shareholder proposals on proper disposal of pharmaceuticals.

AGAINST shareholder proposals requesting a report on electronic waste.

CASE-BY-CASE on shareholder proposals requesting a report on renewable energy adoption. FOR in cases when the Company receives a poor Board score, AGAINST otherwise.

CASE-BY-CASE on shareholder proposals requesting a report on distributed - scale clean electricity. FOR in cases when the Company receives a poor Board score, AGAINST otherwise.

FOR shareholder proposals requesting a report on climate change and business model.

AGAINST shareholder proposals requesting a report on nanomaterials.

FOR shareholder proposals requesting a report on antibiotics in livestock.

Northern Ireland

AGAINST proposals related to the MacBride Principles.
