INNOVATOR ETFs TRUST II

Letter to Shareholders (Unaudited)

Dear Valued Shareholders,

The following shareholder letter covers the period ended October 31, 2019.

Thank you for your interest in the Innovator Lunt Low Vol/High Beta (LVHB) Tactical ETF and Innovator S&P Investment Grade Preferred ETF.

During the one-year period, LVHB outperformed the S&P 500 index benefitting from its maintained low volatility posture. This has been a positive contributor given that while the overall market has trended upward, it has not been a smooth ride.

It is important to recall that this strategy evaluates the underlying low volatility and high beta factors' performance on a monthly basis and then applies risk metrics to evaluate the factors' risk-adjusted relative strength. This monthly evaluation is meant to discern and identify any trends in the factors that would lead the fund to rotate from one factor to the other. So, while the ETF remained in low volatility for this one-year period, this is not to say that this trend will continue. At the end of October 2019, the model was the closest to rotating to high beta than it had been at any other point during the overall period.

The Innovator S&P Investment Grade Preferred ETF remains uniquely positioned as the only pure investment grade preferred ETF in the market. Over the reporting period, the ETF returned 12.75% compared to the broad preferred market's return of 11.61%. The ETF benefitted from the price appreciation of investment grade preferreds that had previously been trading at steep discounts to par. The ETF serves as a tool for investors to improve credit quality within their preferred portfolios which may be beneficial if we see credit spreads widen in 2020.

We at Innovator remain grateful for the trust and support you have put in us and wish you a happy holiday season.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bruce Bond', written in a cursive style.

The views in this report were those of the Fund's CEO as of October 31, 2019 and may not reflect his views on the date that this report is first published or anytime thereafter. These views are intended to assist shareholders in understanding their investments and do not constitute investment advice.

Investing involves risks. Principal loss is possible. Along with general market risks, an ETF that concentrates its investments in the securities of a particular industry, market, sector, or geographic area may be more volatile than a fund that invests in a broader range of industries. Additionally, the Fund may invest in securities that have additional risks. Foreign companies can be more volatile, less liquid, and subject to the risk of currency fluctuations. This risk is greater for emerging markets. Small- and mid-cap companies can have limited liquidity and greater volatility than large-cap companies. Also, ETFs face numerous market trading risks, including the potential lack of an active market for Fund shares, losses from trading in secondary markets, periods of high volatility and disruption in the creation/ redemption process of the Fund. Unlike mutual funds, ETFs may trade at a premium or discount to their net asset value. ETFs are bought and sold at market price and not individually redeemed from the fund. Brokerage commissions will reduce returns.

Fund Performance

October 31, 2019 (Unaudited) (Continued)

The line graph and performance table do not reflect the deduction of taxes that a shareholder may pay on fund distributions or the redemption of Fund shares. Returns shown for the Fund, the S&P U.S. High Quality Preferred Stock Index and the S&P U.S. Preferred Stock Index include the reinvestment of all dividends, if any.

The S&P U.S. High Quality Preferred Stock Index is designed to provide exposure to U.S. - listed preferred stocks that meet a minimum size, liquidity, type of issuance, and quality criteria.

The S&P U.S. Preferred Stock Index generally represents the U.S. preferred stock market.

The Fund's portfolio holdings may differ significantly from the securities held in the relevant index and, unlike an exchange-traded fund, the performance of an unmanaged index does not reflect deductions for transaction costs, taxes, management fees or other expenses.

You cannot invest directly in an index.

Fund Performance

October 31, 2019 (Unaudited) (Continued)

The line graph and performance table do not reflect the deduction of taxes that a shareholder may pay on fund distributions or the redemption of Fund shares. Returns shown for the Fund, the Lunt Capital U.S. Large Cap Equity Rotation Index and the S&P 500® Index include the reinvestment of all dividends, if any.

The Lunt Capital U.S. Large Cap Equity Rotation Index utilizes Lunt Capital's proprietary relative strength methodology to rotate between the holdings of one of two sub-indices, the S&P 500® Low Volatility Index and the S&P 500® High Beta Index. The S&P 500® Low Volatility Index is composed of the 100 securities comprising the S&P 500® Index that have exhibited the lowest realized volatility over the prior 12 months. The S&P 500® High Beta Index is composed of the 100 securities comprising the S&P 500® Index that have exhibited the highest sensitivity to market movements, or "beta", over the prior 12 months.

The S&P 500® Index is an unmanaged, capitalization-weighted index generally representative of the U.S. market for large capitalization stocks.

The Fund's portfolio holdings may differ significantly from the securities held in the relevant index and, unlike an exchange-traded fund, the performance of an unmanaged index does not reflect deductions for transaction costs, taxes, management fees or other expenses.

Expense Example

For the Period Ended October 31, 2019 (Unaudited)

As a shareholder of the Funds you incur two types of costs: (1) ongoing costs, including management fees and other Fund expenses; and (2) transaction costs including brokerage commissions on the purchase and sale of Fund shares. This example is intended to help you understand your ongoing costs (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period ended October 31, 2019 for each Fund.

The actual account values and actual expenses of the Innovator Lunt Low Vol/High Beta Tactical ETF are based on the period from October 1, 2019 through October 31, 2019 to reflect the one month period. The Fund's fiscal year end changed from September 30 to October 31 each year as of October 1, 2019.

Actual Expenses

The first line under each Fund in the following table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for the Funds under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

INNOVATOR ETFs TRUST II

Expense Example

For the Period Ended October 31, 2019 (Unaudited) (Continued)

Hypothetical Example for Comparison Purposes

The second line under each Fund in the following table provides information about hypothetical account values and hypothetical expenses based on the Funds' actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the respective Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Funds and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions on the purchases and sales of Fund shares. Therefore, the second line under the Funds in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	Beginning Account Value	Ending Account Value	Expenses Paid During the Period	Annualized Expense Ratio for the Period
Innovator S&P Investment Grade Preferred ETF (NAV)				
Actual	\$ 1,000.00	\$ 1,061.80	\$ 2.44 ^(a)	0.47%

Actual	1,000.00	995.80	0.42 ^(b)	0.49%
Hypothetical	1,000.00	1,022.74	2.50 ^(a)	

^(a) Expenses are equal to the Fund's annualized expense ratio, multiplied by the average account value over the period, multiplied by 184/365 (to reflect the six month period).

^(b) Expenses are equal to the Fund's annualized expense ratio, multiplied by the average account value over the period, multiplied by 31/365 (to reflect the one month period).

Notes to Financial Statements

1. ORGANIZATION

Innovator ETFs Trust II (the “Trust”) was organized as a Massachusetts business trust on December 17, 2013, and is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”) as an open-end management investment company. The Trust currently consists of two operational series, which are covered in this report. Effective April 1, 2018, the Trust changed from Elkhorn ETF Trust to Innovator ETFs Trust II. As a result, the Elkhorn S&P High Quality Preferred ETF and the Elkhorn Lunt Low Vol/High Beta Tactical ETF Funds’ names were changed to the Innovator S&P High Quality Preferred ETF (“EPRF”) and the Innovator Lunt Low Vol/High Beta Tactical ETF (“LVHB”), respectively (the “Funds”). EPRF and LVHB commenced operations on May 23, 2016 and October 19, 2016, respectively. Effective July 16, 2018, EPRF’s name was changed from Innovator S&P High Quality Preferred ETF to Innovator S&P Investment Grade Preferred ETF.

The Funds are exchange traded funds that offer one class of shares, do not charge a sales load, do not have a redemption fee and currently do not charge a 12b-1 fee to their shareholders. The Funds list and principally trade their shares on Cboe BZX Exchange, Inc. (“Cboe BZX” or the “Exchange”). The Funds seek investment results that generally correspond (before fees and expenses) to the price and yield of the S&P U.S. High Quality Preferred Stock Index (EPRF) and Lunt Capital U.S. Large Cap Equity Rotation Index (LVHB), respectively.

On March 21, 2019, the Board of Trustees approved a change in the Funds’ fiscal year end from March 31 (EPRF) and September 30 (LVHB) to October 31, effective April 1, 2019 and October 1, 2019, respectively.

The Funds are investment companies and accordingly follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946 “Financial Services – Investment Companies”.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements. These policies are in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

Valuation:

The net asset value (“NAV”) of the Funds are determined as of the close of regular trading on the NYSE (normally 4:00 p.m. ET). If the NYSE closes early on a valuation day, the Funds shall determine NAV as of that time.

Portfolio securities generally shall be valued utilizing prices provided by independent pricing services. The Trust’s Pricing Committee (“Pricing Committee”) is responsible for establishing valuation of portfolio securities and other instruments held by the Funds in accordance with the Trust’s valuation procedures.

Common stocks, preferred stocks and other equity securities listed on any national or foreign exchange (excluding the NASDAQ National Market (“NASDAQ”) and the London Stock Exchange Alternative Investment Market (“AIM”)) are generally valued at the last sale price on the exchange on which they are principally traded or, for NASDAQ and AIM securities, the official closing price. Securities traded on more than one securities exchange are valued at the last sale price or official closing price, as applicable, at the close of the exchange representing the principal market for such securities. Securities traded in the over-the-counter market are valued at the mean of the bid and the asked price, if available, and otherwise at their closing bid price. Redeemable securities issued by open-end investment companies shall be valued at the investment company’s applicable net asset value, with the exception of exchange-traded open-end investment companies which are priced as equity securities. Shares of Mount Vernon Liquid Assets Portfolio, LLC are not traded on an exchange and are valued at the investment company’s net asset value per share as provided by the underlying fund’s administrator. Fixed income securities, swaps, currency-, credit- and commodity-linked notes, and other similar instruments will be valued using a pricing service. Fixed income securities having a remaining maturity of 60 days or less when purchased will be valued at cost adjusted for amortization of premiums and accretion of discounts, provided the Pricing Committee has determined that the use of amortized cost is an appropriate reflection of fair value given market and issuer specific conditions existing at the time of the determination. Foreign securities and other assets denominated in foreign currencies are translated into U.S. dollars at the exchange rate of such currencies against the U.S. dollar as provided by the pricing service. All assets denominated in foreign currencies will be converted into U.S. dollars at the exchange rates in effect at the time of valuation. Restricted securities (with the exception of Rule 144A Securities for which market quotations are available) will normally be valued at fair value as determined by the Pricing Committee.

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

If no quotation can be obtained from a pricing service, then the Pricing Committee will then attempt to obtain one or more broker quotes for the security. If no quotation is available from either a pricing service or one or more brokers or if the Pricing Committee has reason to question the reliability or accuracy of a quotation supplied or the use of amortized cost, the value of any portfolio security held by the Funds for which reliable market quotations are not readily available will be determined by the Pricing Committee in a manner that most appropriately reflects fair market value of the security on the valuation date. The use of a fair valuation method may be appropriate if, for example: (i) market quotations do not accurately reflect fair value of an investment; (ii) an investment's value has been materially affected by events occurring after the close of the exchange or market on which the investment is principally traded (for example, a foreign exchange or market); (iii) a trading halt closes an exchange or market early; or (iv) other events result in an exchange or market delaying its normal close.

Fair valuation measurement:

FASB established a framework for measuring fair value in accordance with U.S. GAAP. Under ASC, Fair Value Measurement ("ASC 820"), various inputs are used in determining the value of the Funds' investments. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The three Levels of inputs of the fair value hierarchy are defined as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar securities, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Funds' own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes valuation of the Funds' investments under the fair value hierarchy levels as of October 31, 2019:

See the Schedules of Investments for the investments detailed by industry classification.

There were no level 3 investments held by the Funds during the reporting period.

Use of Estimates:

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

Guarantees and Indemnifications:

In the normal course of business, the Trust may enter into a contract with service providers that contain general indemnification clauses. The Trust's maximum exposure under these arrangements is unknown as this would involve future claims against the Trust that have not yet occurred. Based on experience, the Trust expects the risk of loss to be remote.

Tax Information:

The Funds are treated as separate entities for federal income tax purposes. The Funds intend to qualify as regulated investment companies ("RICs") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"). To qualify and remain eligible for the special tax treatment accorded to RICs, the Funds must meet certain annual income and quarterly asset diversification requirements and must distribute annually at least 90% of the sum of (i) its investment company taxable income (which includes dividends, interest and net short-term capital gains) and (ii) certain net tax-exempt income, if any. If so qualified, the Funds will not be subject to federal income tax to the extent the Funds distribute substantially all of their net investment income and capital gains to shareholders.

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

Management evaluates the Funds' tax positions to determine if the tax positions taken meet the minimum recognition threshold in connection with accounting for uncertainties in income tax positions taken or expected to be taken for the purposes of measuring and recognizing tax liabilities in the financial statements. Tax benefits associated with an uncertain tax position can be recognized only when the position is "more likely than not" to be sustained assuming examination by taxing authorities. Interest and penalties related to income taxes would be recorded as tax expense in the Statements of Operations. During the period ended October 31, 2019, the Funds did not incur any interest or penalties. The Funds' federal income tax returns are subject to examination by the Internal Revenue Service (IRS) for a period of three fiscal years after they are filed. State and local tax returns may be subject to examination for an additional fiscal year depending on the jurisdiction. As of October 31, 2019, the Funds did not have a liability for any unrecognized tax benefits. As of October 31, 2019, the Funds have no examinations in progress and management is not aware of any tax positions for which it is reasonably possible that the amounts of unrecognized tax benefits will significantly change in the next twelve months. The Funds are subject to examination by U.S. Federal tax authorities for all tax years since inception.

U.S. GAAP requires that certain components of net assets be reclassified between distributable earnings/(accumulated deficit) and additional paid-in capital. These reclassifications have no effect on net assets or net asset value per share. For the period ended October 31, 2019, the Funds made the following permanent book-to-tax reclassifications:

	Distributable Earnings/ (Accumulated Deficit)		Paid-In Capital
EPRF.....	\$ (4,548)	\$	4,548
LVHB.....	—	—	—

Distributions to Shareholders:

Distributions to shareholders are recorded on the ex-dividend date. LVHB intends to pay out dividends from its net investment income, if any, quarterly. EPRF intends to pay out dividends from its net investment income, if any, monthly. Distributions of net realized capital gains, if any, will be declared and paid at least annually by the Funds. The Funds may periodically make reclassifications among certain of its capital accounts as a result of the recognition and characterization of certain income and capital gain distributions determined annually in accordance with federal tax regulations which may differ from U.S. GAAP. Distributions that exceed earnings and profits for tax purposes are reported as a return of capital.

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

Investment Transactions and Investment Income:

Investment transactions are recorded on the trade date. The Trust determines the gain or loss realized from investment transactions on the basis of identified cost. Dividend income, if any, is recognized on the ex-dividend date or, in the case of foreign securities, as soon as the Funds are informed of the ex-dividend dates. Withholding taxes on foreign dividends have been accounted for in accordance with the applicable country's tax rules and rate. Interest income, including accretion of discounts and amortization of premiums is recognized on an accrual basis using the effective yield method.

Distributions received from investments in master limited partnerships ("MLPs"), closed-end funds, real estate investment trusts ("REITs") and royalty trusts are comprised of ordinary income, capital gains and return of capital. For financial statement purposes, estimates are used to characterize these distributions received as return of capital, capital gains or ordinary income. Such estimates are based on historical information available from each MLP, closed-end fund, REIT or royalty trust and other industry sources. These estimates may subsequently be revised and reflected on the Form 1099 received by shareholders based on information received for the security after its tax reporting periods are concluded, as the actual character of these distributions is not known until after the fiscal year end. The distributions received from MLPs, REITs, closed-end funds, and royalty trust securities that have been classified as income and capital gains are included in dividend income and net realized gain/(loss) on investments, respectively, on the Statements of Operations. The distributions received that are classified as return of capital reduce the cost of investments on the Statements of Assets and Liabilities.

3. INVESTMENT ADVISOR AND OTHER AFFILIATES

Effective April 1, 2018, Innovator Capital Management, LLC (the "Adviser") was appointed to serve as the investment adviser to the Funds, pursuant to an Interim Investment Advisory Agreement with the Trust on behalf of the Funds.

On April 10, 2018, the Board of Trustees of Elkhorn ETF Trust approved the New Advisory Agreement between the Trust and the Adviser and recommended that the New Advisory Agreement be submitted to Funds shareholders for approval. The New Advisory Agreement was approved at the June 20, 2018 and August 1, 2018 shareholder meetings for LVHB and EPRF, respectively.

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

Pursuant to the New Advisory Agreements between the Trust and the Adviser with respect to EPRF and LVHB, EPRF pays monthly the Adviser a unitary fee calculated daily based on the average daily net assets of the Fund at the annual rate of 0.47%, and LVHB pays monthly the Adviser a unitary fee calculated daily based on the average daily net assets of the Fund at the annual rate of 0.49%. During the term of the New Advisory Agreement, the Adviser pays all expenses of EPRF and LVHB (“Fund Expenses”), including the cost of transfer agency, custody, fund administration, legal, audit, and other services and license fees, except for the fees paid under the New Advisory Agreement, interest, taxes, brokerage commissions and other expenses connected with the execution of portfolio transactions, distribution and service fees payable pursuant to a Rule 12b-1 plan, if any, and extraordinary expenses.

Penserra Capital Management LLC (the “Sub-Adviser”) acts as sub-adviser to the Funds pursuant to a sub-advisory agreement between the Adviser and the Sub-Adviser with respect to the Funds (“Sub-Advisory Agreement”) and, pursuant to the Sub-Advisory Agreement, is responsible for execution of the Sub-Adviser’s strategy for each of the Funds. The Sub-Adviser is responsible for the day-to-day management of the Funds’ portfolios. Pursuant to the Sub-Advisory Agreement between the Adviser and the Sub-Adviser, the Adviser pays the Sub-Adviser a fee for the services and facilities it provides payable on a monthly basis.

Certain trustees and officers of the Trust are affiliated with the Adviser. Trustee compensation is paid for by the Adviser.

4. INVESTMENT TRANSACTIONS

For the period ended October 31, 2019, the cost of purchases and proceeds from sales of investment securities, other than in-kind purchases and sales and short-term investments were as follows:

	Purchases		Sales	
	U.S.		U.S.	
	Government	Other	Government	Other
EPRF.....	\$ —	\$ 5,546,811	\$ —	\$ 5,450,123
LVHB.....	\$ —	\$ —	\$ —	\$ —

For the period ended October 31, 2019, in-kind transactions associated with creations and redemptions were as follows:

	In-Kind Creations		In-Kind Redemptions	
	\$		\$	
EPRF.....	\$	4,739,550	\$	—
LVHB.....		1,803,153		—

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

Net capital gains or losses resulting from in-kind redemptions are excluded for the Funds' taxable gains and are not distributed to shareholders.

5. CREATION AND REDEMPTION TRANSACTIONS

There were an unlimited number of shares of beneficial interest (without par value) authorized by the Trust. Individual shares of the Funds may only be purchased and sold at market prices on the Exchange through a broker-dealer. Such transactions may be subject to customary commission rates imposed by the broker-dealer, and market prices for the Funds' shares may be at, above or below its NAV depending on the premium or discount at which the Funds' shares trade.

The Funds issue and redeem shares on a continuous basis at NAV only in blocks of 50,000 shares, called "Creation Units." Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day in amounts less than a Creation Unit. Except when aggregated in Creation Units, shares are not redeemable securities of the Funds. Shares of the Funds may only be purchased or redeemed by certain financial institutions ("Authorized Participants"). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Distributor. A fixed transaction fee is applicable to each transaction regardless of the number of units purchased or sold in the transaction. EPRF and LVHB each charge a \$500 transaction fee on creations and redemptions of the respective Fund. The Funds may permit Authorized Participants to substitute cash in lieu of delivering securities in-kind, in which case the Authorized Participant may be assessed additional fees to cover the cost of purchasing securities. Additional fees received by the Funds, if any, are disclosed as Transaction Fees on the Statements of Changes in Net Assets. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem the shares directly from the Funds. Rather, most retail investors may purchase shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

6. SECURITIES LENDING

The Funds may lend up to 33¹/₃% of the value of the securities in their portfolios to brokers, dealers and financial institutions (but not individuals) under terms of participation in a securities lending program administered by the securities lending agent. The Trust has entered into a Securities Lending Agreement (“SLA”) with U.S. Bank, N.A., the funds’ custodian (the “Agent”). Under the terms of the SLA, the Funds may lend securities to certain broker-dealers and banks in exchange for collateral in the amount of at least 102% of the value of U.S. securities loaned or at least 105% of the value of non-U.S. securities loaned, marked to market daily. The collateral can be received in the form of cash collateral and/or non-cash collateral. Non-cash collateral can include U.S. Government Securities and letters of credit. The cash collateral is invested in the Mount Vernon Liquid Assets Portfolio, LLC (“Mount Vernon”), as noted in the Funds’ Schedules of Investments. Mount Vernon seeks to maximize current income to the extent consistent with the preservation of capital and liquidity; and to maintain a stable NAV of \$1.00. The market value of the loaned securities is determined daily at the close of business of the Funds and any additional required collateral is delivered to the Funds on the next business day. The Funds continue to benefit from interest or dividends on the securities loaned and may also earn a return from the collateral. The Funds pay various fees in connection with the investment of cash collateral. The Funds pay the Agent fees based on the investment income received from securities lending activities. Although risk is mitigated by the collateral, the Funds could experience a delay in recovering their securities and possible loss of income or value if the borrower fails to return them. Cash and cash equivalent collateral on securities lending transactions are on an overnight and continuous basis.

As of October 31, 2019, the values of the securities on loan, cash collateral received and fees and interest earned were as follows:

	Value of Securities on Loan	Cash Collateral Received	Fees and Interest Earned
EPRF.....	\$ 476,447	\$ 490,850	\$ 20,677 ^(a)
LVHB.....	26,425,590	27,001,896	3,732 ^(b)

^(a) For the year ended March 31, 2019 EPRF earned fees and interest of \$799 from securities lending.

^(b) For the year ended September 30, 2019 LVHB earned fees and interest of \$14,924 from securities lending.

Due to the absence of a master netting agreement related to the Funds’ participation in securities lending, no additional offsetting disclosures have been made on behalf of the Funds for the total borrowings listed above.

7. FEDERAL INCOME TAX INFORMATION

At October 31, 2019, the cost of investments and net unrealized appreciation/(depreciation) for federal income tax purposes were as follows:

	EPRF	LVHB
Cost of Portfolio.....	\$ 19,546,850	\$ 146,054,543
Gross Unrealized Appreciation.....	\$ 459,862	\$ 19,809,729
Gross Unrealized Depreciation	(162,181)	(1,450,023)
Net Unrealized Appreciation / (Depreciation)	\$ 297,681	\$ 18,359,706

The differences between book basis and tax basis cost on investments and net unrealized appreciation/(depreciation) are primarily attributable to wash sale loss deferrals and differences in the tax treatment of partnership securities.

At October 31, 2019, the components of undistributed or accumulated earnings/loss on a tax basis were as follows:

	EPRF	LVHB
Accumulated Capital and Other Losses.....	\$ (1,255,211)	\$ (23,541,523)
Dividends Payable.....	(76,000)	—
Undistributed Net Ordinary Income.....	91,565	56,118
Unrealized Appreciation/(Depreciation) on Investments	297,681	18,359,706
Total Distributable Earnings/(Accumulated Deficit)	\$ (941,965)	\$ (5,125,699)

Certain capital and qualified late year ordinary losses incurred after October 31 and December 31, respectively, and within the current taxable year, are deemed to arise on the first business day of the next taxable year. During the fiscal period ended October 31, 2019, the Funds did not elect to defer qualified post-October capital or late year ordinary losses.

At October 31, 2019, for federal income tax purposes, the Funds had capital loss carryforwards available to offset future capital gains for an unlimited period as indicated below:

	EPRF	LVHB
Indefinite Short-Term.....	\$ 1,085,160	\$ 23,541,523
Indefinite Long-Term.....	170,051	—

INNOVATOR ETFs TRUST II

Notes to Financial Statements (Continued)

To the extent that these loss carryforwards are utilized, capital gains so offset will not be distributed to shareholders. During the current year ended October 31, 2019, LVHB utilized \$2,261 of short term capital loss carryforward.

The tax character of the distributions paid by the Funds during the fiscal periods ended October 31, 2019, March 31, 2019 for EPRF and September 30, 2019 for LVHB were as follows:

	EPRF		LVHB	
	October 31, 2019	March 31, 2019	October 31, 2019	September 30, 2019
Distributions paid from:				
Net Ordinary Income.....	\$ 389,500	\$ 884,376	\$ 661,168	\$ 1,981,415
Net Long-Term Capital Gains.....	—	—	—	—
Return of Capital.....	—	—	—	—
Total Distributions Paid	\$ 389,500	\$ 884,376	\$ 661,168	\$ 1,981,415

8. NEW ACCOUNTING PRONOUNCEMENT

In August 2018, the FASB issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurements (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements on fair value measurements in Topic 820. ASU 2018-13 is effective for interim and annual reporting periods beginning after December 15, 2019. An entity is permitted to early adopt the removed or modified disclosures upon the issuance of ASU 2018-13 and may delay adoption of the additional disclosures, which are required for public companies only, until their effective date. Management has evaluated ASU 2018-13 and has adopted the disclosure framework.

9. SUBSEQUENT EVENT

Management has evaluated the impact of all subsequent events of the Funds through the date of the financial statements were issued, and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of Innovator S&P Investment Grade Preferred ETF and Innovator Lunt Low Vol/High Beta Tactical ETF and Board of Trustees of Innovator ETFs Trust II

Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Innovator S&P Investment Grade Preferred ETF and Innovator Lunt Low Vol/High Beta Tactical ETF (the “Funds”), each a series of Innovator ETFs Trust II, as of October 31, 2019, and the related statements of operations and changes in net assets and the financial highlights for the period ended October 31, 2019 and for the year ended March 31, 2019 for Innovator S&P Investment Grade Preferred ETF, and the related statements of operations for the period ended October 31, 2019 and for the year ended September 30, 2019, the statements of changes in net assets for the period ended October 31, 2019 and the years ended September 30, 2019 and 2018, and the financial highlights for each of the three periods in the period then ended for Innovator Lunt Low Vol/High Beta Tactical ETF, including the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of October 31, 2019, the results of their operations, the changes in their net assets, and the financial highlights for each of the periods indicated above, in conformity with accounting principles generally accepted in the United States of America.

Innovator S&P Investment Grade Preferred ETF’s financial statements and financial highlights for the periods ended March 31, 2018, and prior, were audited by other auditors whose report dated May 30, 2018, expressed an unqualified opinion on those financial statements and financial highlights. Innovator Lunt Low Vol/High Beta Tactical ETF’s financial highlights for the period October 19, 2016 (commencement of operations) through September 30, 2017, were audited by other auditors whose report dated November 29, 2017, expressed an unqualified opinion on those financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Funds’ management. Our responsibility is to express an opinion on the Funds’ financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2019, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more of Innovator Capital Management, LLC's investment companies since 2017.

Additional Information (Unaudited)

1. INFORMATION ABOUT PROSPECTUS

This report has been prepared for shareholders and may be distributed to others only if preceded or accompanied by a current prospectus. Investors should consider the investment objective and policies, risk considerations, charges and ongoing expenses of an investment carefully before investing. The prospectus contains this and other information relevant to an investment in the respective Fund. Please read the Prospectus carefully before investing. A copy of the Prospectus may be obtained without charge by writing to the Trust's Distributor, or by calling toll free at 1-800-208-5212 or visiting www.innovatoretf.com.

2. PROXY VOTING POLICIES AND PROCEDURE

The Trust's Proxy Voting Policies and Procedures are available without charge, upon request, by calling 1-877-386-3890 and on the SEC's website at www.sec.gov. Information relating to how each Fund voted proxies relating to portfolio securities held during each year ended June 30 is also available on the SEC'S website at www.sec.gov.

3. INFORMATION ABOUT PORTFOLIO SECURITIES

Each Funds' complete schedule of portfolio holdings for the first and third quarters is filed with the SEC on Form N-Q. The Trust's Form N-Q is available without charge, upon request, by calling 1-877-386-3890, or on the SEC's website at www.sec.gov. The Trust's Form N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

4. HOUSEHOLD DELIVERY OF SHAREHOLDER DOCUMENTS

In order to reduce expenses, the Trust delivers one copy of an annual/semiannual report, prospectus and/or proxy statement on behalf of two or more shareholders at a shared address (householding). If you do not wish to participate in householding, please indicate this preference on your new account application (if you are opening a new account) or call 1-877-FUND890 (877-386- 3890) to change the status of your existing account. You may change your status at any time.
